B. Backup Special Tax for Developed Property

The Backup Special Tax for Developed Property commencing in Fiscal Year 2018-19 shall be $9,985 per Acre.

For the purpose of calculating the Backup Special Tax, the land area applicable to a Condominium shall be computed from the Acreage of the Lot on which the Condominium is located, with the Acreage for such Lot allocated equally among all of the Condominiums located or to be located on such Lot.

C. Maximum Special Tax for Developed Property

The Maximum Special Tax for Developed Property shall be the greater of the Assigned Special Tax for Developed Property and the Backup Special Tax for Developed Property.
D. Maximum Special Tax for Provisional Property and Undeveloped Property

The Maximum Special Tax for Provisional Property and Undeveloped Property commencing in Fiscal Year 2018-19 shall be $9,985 per Acre.

4. METHOD OF APPORTIONMENT

For each Fiscal Year, commencing Fiscal Year 2018-19, the CFD Administrator shall levy the Special Tax on all Taxable Property in accordance with the following steps:

Step 1: The Special Tax shall be levied Proportionately on each Assessor’s Parcel of Developed Property at 100% of the applicable Assigned Special Tax;

Step 2: If additional monies are needed to satisfy the Special Tax Requirement after Step 1 has been completed, the Special Tax shall be levied Proportionately on each Assessor’s Parcel of Undeveloped Property up to 100% of the Maximum Special Tax for Undeveloped Property;

Step 3: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor’s Parcel of Provisional Property up to 100% of the Maximum Special Tax for Provisional Property;

Step 4: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax amount determined in Step 1 shall be increased Proportionately on each Assessor’s Parcel of Developed Property up to 100% of the Maximum Special Tax for Developed Property.

Notwithstanding the above, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor’s Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased as a result of a delinquency or default in the payment of the Special Tax applicable to any other Assessor’s Parcel within CFD No. 2018-1 IA2 by more than ten percent (10%) above what would have been levied in the absence of such delinquencies or defaults.

5. COLLECTION OF SPECIAL TAXES

Collection of the Annual Special Tax shall be made by the County in the same manner as ordinary ad valorem property taxes are collected and the Annual Special Tax shall be subject to the same penalties and the same lien priority in the case of delinquency as ad valorem taxes; provided, however, that the Council may provide for (i) other means of collecting the Special Tax, including direct billings thereof to the property owners; and (ii) judicial foreclosure of delinquent Annual Special Taxes.

6. PREPAYMENT OF SPECIAL TAX OBLIGATION

A. Prepayment in Full

Property owners may prepay and permanently satisfy the Special Tax Obligation by a cash settlement with the City as permitted under Government Code Section 53344. The following definitions apply to this Section 6:

“CFD Public Facilities Costs” means $2,950,000 or such lower number as (i) shall be determined by the CFD Administrator as sufficient to acquire or construct the facilities to be financed under the Act and financing program for CFD No. 2018-1 IA2, or (ii) shall
be determined by the Council concurrently with a covenant that it will not issue any more Bonds (except refunding bonds).

"Construction Fund" means the fund (regardless of its name) established pursuant to the Indenture to hold funds, which are currently available for expenditure to acquire or construct the facilities or pay fees authorized to be funded by CFD No. 2018-1 IA2.

"Future Facilities Costs" means the CFD Public Facilities Costs minus (i) costs previously paid from the Construction Fund to acquire or construct the facilities, (ii) monies currently on deposit in the Construction Fund, and (iii) monies currently on deposit in an escrow or other designated fund that are expected to be available to finance CFD Public Facilities Costs.

"Outstanding Bonds" means all Previously Issued Bonds, which remain outstanding as of the first interest and/or principal payment date following the current Fiscal Year excluding Bonds to be redeemed at a later date with proceeds of prior Special Tax prepayments.

"Previously Issued Bonds" means all Bonds that have been issued prior to the date of prepayment.

The Special Tax Obligation applicable to an Assessor’s Parcel of Developed Property, or Undeveloped Property for which a Building Permit has been issued may be prepaid and the obligation to pay the Special Tax for such Assessor’s Parcel permanently satisfied as described herein, provided that a prepayment may be made with respect to a particular Assessor’s Parcel only if there are no delinquent Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. An owner of an Assessor’s Parcel eligible to prepay the Special Tax Obligation shall provide the CFD Administrator with written notice of intent to prepay, and designate or identify the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the Prepayment Amount for such Assessor’s Parcel within thirty (30) days of the request, and may charge a reasonable fee for providing this service. Prepayment must be made at least 60 days prior to any redemption date for the CFD No. 2018-1 IA2 Bonds to be redeemed with the proceeds of such prepaid Special Taxes, unless a shorter period is acceptable to the Trustee and the City.

The Prepayment Amount (defined below) shall be calculated for each applicable Assessor’s Parcel or group of Assessor’s Parcels as summarized below (capitalized terms as defined below):

- Bond Redemption Amount
- plus Redemption Premium
- plus Future Facilities Prepayment Amount
- plus Defeasance Amount
- plus Prepayment Administrative Fees and Expenses
- less Reserve Fund Credit
- less Capitalized Interest Credit
- Total: equals Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined in Step 14 below) shall be calculated as follows:
Step No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.

2. For Assessor’s Parcels of Developed Property, determine the Maximum Special Tax. For Assessor’s Parcels of Undeveloped Property for which a Building Permit has been issued, compute the Maximum Special Tax for that Assessor’s Parcel as though it was already designated as Developed Property, based upon the Building Permit which has already been issued for that Assessor’s Parcel.

3. Divide the Maximum Special Tax computed pursuant to paragraph 2 by the total expected Maximum Special Tax revenue for CFD No. 2018-1 IA2 assuming all Building Permits have been issued (build-out) within CFD No. 2018-1 IA2, excluding any Assessor’s Parcels for which the Special Tax Obligation has been previously prepaid.

4. Multiply the quotient computed pursuant to paragraph 3 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid for all applicable parcels and round that amount up to the nearest $5,000 increment (the “Bond Redemption Amount”).

5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium (expressed as a percentage), if any, on the Outstanding Bonds to be redeemed at the first available call date (the “Redemption Premium”).

7. Multiply the quotient computed pursuant to paragraph 3 by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the “Future Facilities Prepayment Amount”).

8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the expected redemption date for the Outstanding Bonds which, depending on the Indenture, may be as early as the next interest payment date.

9. Compute the amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Prepayment Amount and the Prepayment Administrative Fees from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.

10. Subtract the amount computed in paragraph 9 from the amount computed in paragraph 8 (the “Defeasance Amount”).

11. Calculate the administrative fees and expenses of CFD No. 2018-1 IA2, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming CFD No. 2018-1 IA2, and the costs of recording any notices to evidence the prepayment and the redemption (the “Prepayment Administrative Fees”).
12. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Indenture) on the prepayment calculation date, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the “Reserve Fund Credit”). No Reserve Fund Credit shall be granted if, after the Prepayment Amount is calculated, reserve funds are below 100% of the reserve requirement.

13. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the quotient computed pursuant to paragraph 3 by the expected balance in the capitalized interest fund after such first interest and/or principal payment (the “Capitalized Interest Credit”).

14. The amount to prepay the Special Tax Obligation is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 10, and 11, less the amounts computed pursuant to paragraphs 12 and 13 (the “Prepayment Amount”).

15. From the Prepayment Amount, the sum of the amounts computed pursuant to paragraphs 4, 5, and 10, less the amounts computed pursuant to paragraphs 12 and 13 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make Debt Service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 11 shall be retained by CFD No. 2018-1 IA2.

The Prepayment Amount may be sufficient to redeem an amount other than a $5,000 increment of CFD No. 2018-1 IA2 Bonds. In such cases, the increment above $5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to redeem CFD No. 2018-1 IA2 Bonds to be used with the next prepayment of CFD No. 2018-1 IA2 Bonds.

The CFD Administrator will confirm that all previously levied Special Taxes have been paid in full. With respect to any Assessor's Parcel for which the Special Tax Obligation is prepaid in full, once the CFD Administrator has confirmed that all previously levied Special Taxes have been paid, the Council shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of the Special Tax and the release of the Special Tax lien on such Assessor’s Parcel, and the obligation of the owner of such Assessor’s Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less Administrative Expenses that may be levied on Taxable Property, respectively, after the proposed prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

**B. Partial Prepayment**
The Special Tax on an Assessor’s Parcel of Developed Property or Undeveloped Property for which a building permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section 6.A.; except that a partial prepayment shall be calculated according to the following formula:

\[ PP = (P_E - A) \times F + A \]

These terms have the following meaning:

- \( PP \) = the partial prepayment
- \( P_E \) = the Prepayment Amount calculated according to Section 6.A.
- \( F \) = the percentage by which the owner of the Assessor’s Parcel(s) is partially prepaying the Special Tax Obligation
- \( A \) = the Prepayment Administrative Fees and Expenses from Section 6.A.

The owner of any Assessor’s Parcel who desires such partial prepayment shall notify the CFD Administrator of (i) such owner’s intent to partially prepay the Special Tax Obligation, (ii) the percentage by which the Special Tax Obligation shall be prepaid, and (iii) the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax Obligation for an Assessor’s Parcel within sixty (60) days of the request and may charge a reasonable fee for providing this service.

With respect to any Assessor’s Parcel that is partially prepaid, the City shall (i) distribute the funds remitted to it according to Section 6.A., and (ii) indicate in the records of CFD No. 2018-1 IA2 that there has been a partial prepayment of the Special Tax Obligation and that a portion of the Special Tax with respect to such Assessor’s Parcel, equal to the outstanding percentage \((1.00 - F)\) of the Maximum Special Tax, shall continue to be levied on such Assessor’s Parcel.

Notwithstanding the foregoing, no partial prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less Administrative Expenses that may be levied on Taxable Property, respectively, after the proposed partial prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

7. TERM OF SPECIAL TAX

The Special Tax shall be levied as long as necessary to meet the Special Tax Requirement for a period not to exceed forty (40) Fiscal Years commencing with Fiscal Year 2018-19, provided however that the Special Tax will cease to be levied in an earlier Fiscal Year if the CFD Administrator has determined that all required interest and principal payments on CFD No. 2018-1 IA2 bonds have been paid.

8. EXEMPTIONS

The CFD Administrator shall classify as Exempt Property (i) Assessor’s Parcels of Public Property, (ii) Assessor’s Parcels of Property Owner Association Property, or (iii) Assessor’s Parcels which are used as places of worship and are exempt from ad valorem property taxes because they are owned by a religious organization, (iv) Assessor’s Parcels with public or utility easements making impractical their utilization for other than the purposes set forth in the easement, and (v) Assessor’s Parcels of Developed Property classified as Non-Residential Property as determined reasonably by the CFD Administrator, provided that no such
classification would reduce the sum of all Taxable Property in CFD No. 2018-1 IA2 to less than 24.53 Acres. Assessor's Parcels which cannot be classified as Exempt Property because such classification would reduce the sum of all Taxable Property in CFD No. 2018-1 IA2 to less than 24.53 Acres shall be classified as Provisional Property and will continue to be subject to the CFD No. 2018-1 IA2 Special Taxes accordingly. Tax exempt status for the purpose of this paragraph will be assigned by the CFD Administrator in the chronological order in which property becomes eligible for classification as Exempt Property.

If the use of an Assessor's Parcel of Exempt Property changes so that such Assessor's Parcel is no longer classified as one of the uses set forth in the first paragraph of Section 8 above that would make such Assessor's Parcel eligible to be classified as Exempt Property, such Assessor's Parcel shall cease to be classified as Exempt Property and shall be deemed to be Taxable Property.

9. APPEALS

Any landowner who pays the Special Tax and claims the amount of the Special Tax levied on his or her Assessor's Parcel is in error shall first consult with the CFD Administrator regarding such error not later than thirty-six (36) months after first having paid the first installment of the Special Tax that is disputed. If following such consultation the CFD Administrator determines that an error has occurred, then the CFD Administrator shall take any of the following actions, in order of priority, in order to correct the error:

(i) Amend the Special Tax levy on the landowner's Assessor's Parcel(s) for the current Fiscal Year prior to the payment date,

(ii) Require the CFD to reimburse the landowner for the amount of the overpayment to the extent of available CFD funds, or

(iii) Grant a credit against, eliminate or reduce the future Special Taxes on the landowner's Assessor's Parcel(s) in the amount of the overpayment.

If following such consultation and action by the CFD Administrator the landowner believes such error still exists, such person may file a written notice of appeal with the City Council. Upon the receipt of such notice, the City Council or designee may establish such procedures as deemed necessary to undertake the review of any such appeal. If the City Council or designee determines an error still exists, the CFD Administrator shall take any of the actions described as (i), (ii) and (iii) above, in order of priority, in order to correct the error.

The City Council or designee thereof shall interpret this Rate and Method of Apportionment of Special Tax for purposes of clarifying any ambiguities and make determinations relative to the administration of the Special Tax and any landowner appeals. The decision of the City Council or designee shall be final.

Neither the District nor the City makes any warranty, either express or implied, that the District will be able to issue and sell Bonds or that the CFD Proceeds available for the payment of the Purchase Price of the Financed Improvements will be sufficient for such purpose. [Prior to the issuance of Bonds to finance the Financed Improvements, the City at its sole discretion, may manage the funds collected through the levy of Special Taxes within the Improvement Areas for any purposes before the funds are deemed CFD Proceeds. In clarification of the foregoing, prior to the issuance of Bonds, the City is not obligated to use the funds collected through the levy of Special Taxes to finance the Financed Improvements, but may use those funds at the City’s discretion to finance the Financed Improvements.]

Notwithstanding anything in this Acquisition Agreement to the contrary, this Acquisition Agreement shall not obligate the Property Owner to construct Facility in the manner set forth in this Acquisition Agreement, or obligate the Property Owner to otherwise comply with any of the provisions of this Acquisition Agreement concerning, among other things, bidding, financing, insuring, maintaining and constructing any Facility, unless the Property Owner seeks payment or reimbursement for such Facility from the CFD Proceeds as a Financed Improvement; provided, Property Owner must comply with provisions of this Acquisition Agreement and applicable law with respect to such Financed Improvement. In clarification of the foregoing, the parties agree that if the Property Owner wants to pay or to be paid or reimbursed for the costs of any Facility from the CFD Proceeds as a Financed Improvement, it must comply with the provisions of this Acquisition Agreement with respect to the Facility for which reimbursement is sought. If the Property Owner choose not pay or to seek reimbursement for a particular Facility from the CFD Proceeds as a Financed Improvement, then the Property Owner may construct such Facility without complying with the provisions of this Acquisition Agreement, except to the extent the Property Owner may be required to comply with certain provisions hereunder or under applicable law.
Section 2.2. Payment of Purchase Price. In order to receive the Purchase Price for a completed Financed Improvement, the Property Owner shall deliver to the District Representative and the City Engineer (a) a Payment Request for such Financed Improvement, together with all attachments and exhibits to be included therewith, (b) a copy of either the recorded documents that conveyed, or documents suitable for recording and conveying, to the City Acceptable Title to the real property on, in or over which such Financed Improvement is located, as described in Section 2.3 hereof, and (c) a copy of the recorded Notice of Completion of such Financed Improvement filed in accordance with Section 3093 of the California Civil Code, if applicable, and (d) such other documentation as may be requested by the City in order to best transfer its interest in the Financed Improvement.

Upon receipt of a completed Payment Request (and accompanying documentation) for a Financed Improvement, the City Engineer shall conduct a review in order to confirm that such Financed Improvement was constructed in accordance with the Plans therefor and to verify and approve the Actual Cost of such Financed Improvement specified in such Payment Request. The Property Owner agrees to cooperate with the City Engineer in conducting each such review and to provide the City Engineer with such additional information and documentation as is reasonably necessary for the City Engineer to conclude each such review. The City agrees to cause the City Engineer to conduct such review without unreasonable delay. If the City Engineer determines that the Actual Cost specified in such Payment Request as initially submitted exceeds the Property Owner's actual, reasonable cost of constructing such Financed Improvement, the Property Owner shall resubmit such Payment Request, with the Actual Cost specified therein modified so as to take into account such determination by the City Engineer. Upon confirmation that such Financed Improvement has been constructed in accordance with the Plans therefor, and verification and approval of the Actual Cost of such Financed Improvement, the City Engineer shall sign the Payment Request and forward the same to the District Representative. Upon receipt of the reviewed and fully signed Payment Request, the District Representative shall, without unreasonable delay, direct the Trustee to pay the Purchase Price of such Financed Improvement to the Property Owner out of one or more Improvement Funds (or accounts therein), but only to the extent of funds on deposit in the Improvement Funds (or accounts therein). Any Payment Request not paid due to an insufficiency of funds in the applicable Improvement Funds (or accounts therein) shall be paid promptly following the deposit into said Improvement Funds (or accounts therein) of additional CFD Proceeds, any investment earnings or other amounts transferred to the Improvement Funds under the terms of the Fiscal Agent Agreement, if any. Notwithstanding, anything herein to the contrary, the District Representative shall only pay the Purchase Price of the Financed Improvement upon receipt of the items (a) through (c) and (d), as applicable, listed above in addition to the Payment Request such that the City may acquire said Financed Improvement.

Section 2.3. Dedication of Property and Easements to the City. Acceptable Title to all property on, in or over which each Financed Improvement will be located shall be conveyed to the City by way of grant deed or dedication of such property, or easement thereon, if such easement is approved by the City as being a sufficient interest therein to permit the City to properly own, operate and maintain such Financed Improvement located therein, thereon or thereover, and to permit the Property Owner to perform its obligations as set forth in this Acquisition Agreement.

For the City to acquire a Financed Improvement, the Property Owner shall transfer ownership of such Financed Improvement to the City by grant deed, bill of sale or such other
documentation as the City may require. Notwithstanding the foregoing sentence, the Property Owner may transfer completed Financed Improvements to the City prior to the availability of sufficient funds in the Improvement Funds with the understanding that the Purchase Price for such Financed Improvements will be payable if, and when, such funds become available. The Purchase Price may be paid in [at most two (2)] installments as and to the extent funds are subsequently deposited in any Improvement Fund [following Property Owner’s transfer of the Financed Improvement.] The conveyance of the Financed Improvements to the City prior to the issuance of Bonds shall be made with the expectation of payment of the Purchase Price from the CFD Proceeds subsequently deposited in the Improvement Funds, and such conveyance shall not be construed as a dedication or gift of the Financed Improvements, or a waiver of payment of the Purchase Price for such Financed Improvements.

Upon the request of the City, the Property Owner shall furnish to the City a preliminary title report for such property not previously dedicated or otherwise conveyed to the City that is required for a Financed Improvement, for review and approval at least 20 calendar days prior to the transfer of Acceptable Title to the Financed Improvement to the City. The City shall approve the preliminary title report unless it reveals a matter which, in the reasonable judgment of the City, could materially affect the City's use and enjoyment of any part of the property or easement covered by the preliminary title report. In the event the City does not approve the preliminary title report, the City shall not be obligated to accept title to such Financed Improvement, and the District shall not be obligated to pay any portion of the Purchase Price for such Financed Improvement, until the Property Owner has cured such objections to title to the reasonable satisfaction of the City. Upon the request of the City, at the time title to such Financed Improvement is conveyed to the City, the Property Owner shall furnish to the City a CLTA title insurance policy in the amount of the Purchase Price of such Financed Improvement, which title policy shall be issued by an insurance company reasonably acceptable to the City and shall insure the City's interest in such Financed Improvement, subject only to the title exceptions set forth in the previously approved preliminary title report.

Section 2.4. Modifications To Financed Improvements. The District, the City and the Property Owner may make modifications to the Facilities described in Exhibit “B”, whenever the District, the City and the Property Owner deem such modifications to be appropriate. Any such modification shall be implemented by the District, the City and the Property Owner by executing a supplement to Exhibit “B” containing a description of the modifications. Upon the execution of any such supplement to Exhibit “B”, the description of such Facilities in Exhibit “B” shall be deemed to have been modified in accordance therewith. All of the Financed Improvements may be financed with CFD Proceeds from either or both Improvement Areas regardless of the location of the Financed Improvements.

Upon written request of the Property Owner, the City Engineer shall consider modification of the description of any Facilities, provided such modifications do not increase the Facilities authorized to be financed by the resolution of formation or resolution of change adopted by the City Council in connection with the District.

Section 2.5. Construction in Advance of Payment. The parties hereto acknowledge that (i) the Property Owner will be constructing the Financed Improvements prior to the issuance of Bonds the proceeds of which will be used to pay the Property Owner for those Financed Improvements, (ii) the Property Owner will be submitting Payment Requests to the City in advance of such an issuance of Bonds, with knowledge that there may be insufficient funds
available in the Improvement Fund (or accounts therein) for reimbursement, (iii) the Financed Improvements that are the subject of the Payment Requests submitted when there are insufficient CFD Proceeds will be inspected and reviewed as set forth herein and that such Payment Requests will be reviewed and submitted to the District Representative in the manner set forth in Section 2.2, and (iv) the payment for any Payment Requests approved in the preceding manner will be deferred until there are sufficient CFD Proceeds in the Improvement Funds (or accounts therein) to make such payment, at which time the District Representative shall direct the Trustee to pay all or a portion of the Purchase Price of such Financed Improvement to the Property Owner out of one or more Improvement Funds (or accounts therein) identified by the Property Owner in the Payment Request. Notwithstanding, anything herein to the contrary, the District Representative shall only pay the Purchase Price of the Financed Improvement upon receipt of the items (a) through (c) listed in Section 2.2 above in addition to the Payment Request such that the City may acquire said Financed Improvement.

ARTICLE III
CONSTRUCTION OF FACILITIES

Section 3.1. Preparation and Approval of Plans and Specifications. To the extent that it has not already done so, the Property Owner shall cause Plans to be prepared for the Financed Improvements to be constructed by the Property Owner. The Plans shall conform to all applicable federal, state and local governmental rules, ordinances, and regulations and all applicable environmental protection laws. All Plans shall be subject to review and written approval by the City Engineer and/or its designee, and the applicable public agencies. Preliminary and final plans and specifications for Financed Improvements to be constructed by the Property Owner shall be submitted to the City and the applicable public agencies for review and approval. The Property Owner, the City or the District, as applicable, shall then obtain the approval of the appropriate acquiring public agencies of the construction plans, specifications and construction documents. The Financed Improvements to be acquired or constructed with the CFD Proceeds shall be constructed in accordance with public agency contracting requirements, including the payment of prevailing wages, in addition to all conditions of approval and requirements of the City.

Section 3.2. Duty of Property Owner to Construct. This Acquisition Agreement does not obligate the Property Owner to construct any of the Facilities. However, if the Property Owner determine to seek payment from the CFD Proceeds for the costs to construct any such Facilities, then this Acquisition Agreement shall obligate the Property Owner to construct those Financed Improvements in the manner set forth herein, and to convey the Financed Improvements to the City in the manner set forth herein. For the Financed Improvements, the Property Owner shall construct or cause to be constructed such Financed Improvements in accordance with the approved Plans. Once it is determined to seek payment from CFD Proceeds for the cost to construct a Financed Improvement or Segment thereof, the Property Owner shall perform all of its obligations hereunder and shall conduct all operations with respect to the construction of the Financed Improvements and Segments thereof in a good, workmanlike and commercially reasonable manner, with the standard of diligence and care normally employed by duly qualified persons utilizing their commercially reasonable efforts in the performance of comparable work and in accordance with generally accepted practices appropriate to the activities undertaken.
Section 3.3. Public Works Requirements. In order to insure that the Financed Improvements will be constructed as if they had been constructed under the direction and supervision, or under the authority of, the City, so that they may be acquired pursuant to California Government Code Section 53313.5 or so that the value or cost, whichever is less, of portions thereof constituting work in-kind may be reimbursed pursuant to California Government Code Section 53314.9, for the Financed Improvements, the Property Owner shall comply with the following requirements or shall cause such requirements to be complied with:

(i) The Property Owner shall use commercially best efforts to bid out each Financed Improvement to a minimum of three (3) qualified bidders and to award the contract for the construction of each Financed Improvement to the responsible bidder submitting the lowest responsive bid for the construction of such Financed Improvement or, if the Property Owner elects to perform the work pursuant to Section 53329.5 of the Act, the Property Owner shall perform the work at the prices specified in the bid of the lowest responsible bidder.

(ii) The Property Owner shall require, and the specifications and bid and contract documents shall require, all contractors engaged to perform work on a Financed Improvement to pay prevailing wages and to otherwise comply with applicable provisions of the California Labor Code, the California Government Code and the California Public Contracts Code relating to public works projects of cities.

(iii) Each contractor engaged to perform work on a Financed Improvement shall be required to furnish (a) labor and material payment bonds, and (b) contract performance bonds, each in an amount equal to 100% of the contract price naming the Property Owner and the City as obligees and issued by insurance or surety companies approved by the City. All such bonds shall be in a form approved by the City. Rather than requiring its contractors to provide such bonds, the Property Owner may elect to provide the same for the benefit of its contractors.

(iv) Each contractor engaged to perform work on a Financed Improvement shall be required to provide proof of insurance coverage conforming to the requirements of Section 3.7 hereof throughout the term of the construction of such Financed Improvement, and such contractor shall be required to perform such work in conformance with all applicable federal and State law and the ordinances and policies of the City.

(v) The Property Owner and the City and all such contractors shall comply with such other requirements relating to the construction of the Financed Improvements as the City may impose by written notification delivered to the Property Owner and each such contractor, to the extent required as a result of changes in applicable State or federal laws or the ordinances and policies of the City.

The Property Owner shall provide proof to the City, at such intervals and in such form as the City may require that the foregoing requirements have been satisfied as to all of the Financed Improvements.

Section 3.4. Performance Bonds. Upon commencement of construction of a Financed Improvement, the Property Owner shall be required to secure the construction and completion of construction of such Financed Improvement as required by Sections 66499 through 66499.10 of the California Government Code and the Perris Municipal Code. The Property Owner's
obligations pursuant to this Section may be satisfied through the contract performance bonds to be provided by the Property Owner's contractors pursuant to Section 3.3 hereof.

Section 3.5. Inspection; Completion of Construction. The City shall have primary responsibility for providing inspection of the work of construction of the Financed Improvements to insure that the work of construction is accomplished in accordance with the Plans. The City's personnel shall have access to the site of the work of construction at all reasonable times for the purpose of accomplishing such inspection. Upon the completion of the construction of a Financed Improvement to the satisfaction of the City's inspectors, the Property Owner shall notify the District Representative, the City and the City Engineer in writing that the construction of such Financed Improvement has been completed in accordance with the Plans.

Upon receiving such written notification from the Property Owner, and upon receipt of written notification from its inspectors that construction of a Financed Improvement has been completed in accordance with the Plans and the City's standard requirements, the City shall, without unreasonable delay, notify the Property Owner in writing that the construction of such Financed Improvement has been satisfactorily completed and shall accept the Financed Improvement pursuant to this Acquisition Agreement. Upon receiving such notification, the Property Owner shall forthwith file with the Riverside County Recorder a Notice of Completion as applicable. The Property Owner shall furnish to the City a duplicate copy of each such Notice of Completion showing thereon the date of filing with said County Recorder.

Section 3.6. Maintenance of Financed Improvements; Warranties. The Property Owner shall maintain each Financed Improvement in good and safe condition until the Acceptance Date thereof. As of the Acceptance Date of a Financed Improvement, the performance bond provided by the Property Owner for such Financed Improvement pursuant to Section 3.4 hereof shall be reduced to an amount equal to 20% (unless the City requires otherwise as a condition of approval or per another agreement) of the original amount thereof and shall serve as a warranty bond to guarantee that such Financed Improvement will be free from defects due to faulty workmanship or materials for a period of 12 months from the Acceptance Date of such Financed Improvement, or the Property Owner may elect to provide a new warranty bond in such an amount. As of the Acceptance Date of a Financed Improvement, the Property Owner shall assign to the City all of the Property Owner's rights in any warranties, guarantees, maintenance obligations or other evidence of contingent obligations of third persons with respect to such Financed Improvement.

Section 3.7. Insurance Requirements. The Property Owner shall, at all times prior to the final Acceptance Date of all Financed Improvements, maintain, deliver to the City and keep in full force and effect, or cause to be maintained, delivered to the City and kept in full force and effect, insurance in conformance with the requirements set forth below. The Property Owner will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth herein, it will be amended to do so. The Property Owner acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required. Any insurance proceeds in excess of the limits and coverage required in this Acquisition Agreement and which is applicable to a given loss, will be available to the City.

(i) The Property Owner shall provide the following types and amounts of insurance:

01006.0095/351846 5

Limits shall be no less than $2,000,000 per occurrence for all covered losses and no less than $2,000,000 general aggregate.

(C) Business Auto Coverage on ISO Business Auto Coverage form CA 00 01 including symbol I (Any Auto) or the exact equivalent. Limits shall be no less than $1,000,000 per accident, combined single limit. If the Property Owner owns no vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If the Property Owner or the Property Owner's employees will use personal autos in any way relating to this Acquisition Agreement, the Property Owner shall provide evidence of personal auto liability coverage for each such person.

(D) Excess of Umbrella Liability Insurance (Over Primary) if used to meet limit requirements, shall provide coverage at least as broad as specified for the underlying coverages. Any such coverage provided under an umbrella liability policy shall include a “drop down” provision with a maximum $25,000 self-insured retention for liability not covered by primary but covered by the umbrella. Coverage shall be "pay on behalf", with defense costs payable in addition to policy limits. There shall be no cross liability exclusion precluding coverage for claims or suits by one insured against another. Coverage shall be applicable to the City and the District for injury to employees of the Property Owner, subcontractors or other involved in the performance of the acts contemplated by this Acquisition Agreement. The scope of coverage provided is subject to approval of the City and the District following receipt of proof of insurance as required herein.

(E) Construction Risk Insurance

Insurance procured pursuant to the requirements set forth in this section shall be written by insurers that are admitted carriers in the state of California and with an A.M. Best rating of A- or better and a minimum financial size of VII.

(ii) The Property Owner and the City agree as follows:

(A) The Property Owner agrees to endorse the third party general liability coverage required herein to include as additional insureds the City, the District, and their respective officials, employees and agents, using standard ISO endorsement No. CG 2010 with an edition date of 1985. The Property Owner also agrees to require all contractors, subcontractors, and anyone else involved in any way with the acquisition or construction of the Financed Improvements contemplated by this Acquisition Agreement to do likewise.

(B) Any waiver of subrogation express or implied on the part of the City or the District to any party involved in this Acquisition Agreement or related documents applies only to the extent of insurance proceeds actually paid. The City and the District, having required that each be named as an additional insured to all insurance coverage required herein,
expressly retain the right to subrogate against any party for sums not paid by insurance. For its part, the Property Owner agrees to waive subrogation rights against the City and the District regardless of the applicability of any insurance proceeds, and to require all contractors, subcontractors or others involved in any way with the acquisition or construction of the Financed Improvements contemplated by this Acquisition Agreement, to do likewise.

(C) All insurance coverage maintained or procured by the Property Owner or required of others by the Property Owner pursuant to this Acquisition Agreement shall be endorsed to delete the subrogation condition as to the City and the District, or to specifically allow the Property Owner or others providing insurance herein to waive subrogation prior to a loss. This endorsement shall be obtained regardless of existing policy wording that may appear to allow such waivers.

(D) It is agreed by the Property Owner and the City that insurance provided pursuant to these requirements is not intended by any party to be limited to providing coverage for the vicarious liability of the City, or to the supervisory role, if any, of the City. All insurance coverage provided pursuant to this or any other agreement (express or implied) in any way relating to the City or the District is intended to apply to the full extent of the policies involved. Nothing referred to here or contained in any agreement involving the City or the District in relation to the Facilities contemplated by this Acquisition Agreement is intended to be construed to limit the application of insurance coverage in any way.

(E) None of the coverages required herein will be in compliance with these requirements if they included any limiting endorsements of any kind that has not been first submitted to the City and the District and approved in writing.

(F) All coverage types and limits required are subject to approval, modification and additional requirements by the City and the District, as the need arises. The Property Owner shall not make any reductions in scope of coverage (e.g., elimination of contractual liability or reduction of discovery period) which may affect either the City or the District's protection without the City's and the District's prior written consent.

(G) Proof of compliance with these insurance requirements, consisting of binders of coverage, or endorsements, or certificates of insurance, at the option of the City and the District, shall be delivered to the City and the District at or prior to commencement of construction of the Financed Improvements. In the event such proof of any insurance is not delivered as required, or in the event such insurance is canceled at any time and no replacement coverage is provided, the City and the District have the right, but not the duty, to obtain any insurance they deem necessary to protect their respective interests under this or any other agreement and to pay the premium. Any premium so paid by the City or the District shall be charged to and promptly paid by the Property Owner or deducted from sums due to the Property Owner, at the City's and the District's option.

(H) The Property Owner agrees to endorse, and to require others to endorse, the insurance provided pursuant to these requirements, to require thirty (30) days notice to the City and the District and the appropriate tender prior to cancellation of such liability coverage and notice of any material alteration or non-renewal of any such coverage, and to require contractors, subcontractors, and any other party in any way involved with the Financed Improvements contemplated by this Acquisition Agreement to do likewise.
(I) It is acknowledged by the parties to this Acquisition Agreement that all insurance coverage required to be provided by the Property Owner or any subcontractor, is intended to apply first and on a primary non-contributing basis in relation to any other insurance or self-insurance available to the City and the District.

(J) The Property Owner agrees to ensure that subcontractors, and any other party involved with the Financed Improvements who is brought on to or involved in the acquisition or construction of the Financed Improvements by the Property Owner, provide the same minimum insurance coverage required of the Property Owner. The Property Owner agrees to monitor and review all such coverage and assume all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. The Property Owner agrees that upon request, all agreements with subcontractors and others engaged in the Financed Improvements will be submitted to the City and the District for review.

(K) The Property Owner agrees that all layers of third party liability coverage required herein, primary, umbrella and excess, will have the same starting and expiration date. The Property Owner agrees further that all other third party coverages required herein will likewise have concurrent starting and ending dates.

(L) The Property Owner agrees not to self-insure or to use any self-insured retentions or deductibles on any portion of the insurance required herein and further agrees that it will not allow any contractor, subcontractor, architect, engineer or other entity or person in any way involved in the performance of work on the Financed Improvements contemplated by this Acquisition Agreement to self-insure its obligations to the City and the District. If the Property Owner's existing coverage includes a deductible or self-insured retention, the deductible or self-insured retention must be declared to the City and the District. At that time the City and the District shall review options with the Property Owner, which may include reduction or elimination of the deductible or self-insured retention, substitution of other coverage, or other solutions.

(M) For purposes of applying insurance coverage only, all contracts pertaining to the Financed Improvements will be deemed executed when finalized and any activity commences in furtherance of performance under this Acquisition Agreement.

(N) The Property Owner acknowledges and agrees that any actual or alleged failure on the part of the City or the District to inform the Property Owner of non-compliance with any insurance requirements in non way imposes any additional obligations on the City or the District nor does it waive any rights hereunder in this or any other regard.

(O) The Property Owner will renew the required coverage annually as long as the City and the District, or their respective employees or agents face an exposure from operations of any type pursuant to this Acquisition Agreement. This obligation applies whether or not the Acquisition Agreement is canceled or terminated for any reason. The insurance shall include but not be limited to products and completed operations and discontinued operations, where applicable. Termination of this obligation is not effective until the City and the District each execute a written statement to that effect.

(P) The Property Owner agrees to waive its statutory immunity under any workers' compensation statute or similar statute, in relation to the City and the District, and
to require all subcontractors and any other person or entity involved in the acquisition or construction of the Financed Improvements contemplated by this Acquisition Agreement to do likewise.

(Q) Requirements of specific coverage features are not intended as limitations on other requirements or as a waiver of any coverage normally provided by any given policy. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue, and is not intended by any party or insured to be all-inclusive.

(R) All liability coverage provided according to these requirements must be endorsed to provide a separate aggregate limit for the Financed Improvements that are the subject of this Acquisition Agreement and evidencing products and completed operations coverage for not less than two years after issuance of a final certificate of occupancy by all appropriate government agencies or acceptance of the completed work by the City.

(S) The Property Owner agrees to obtain and provide to the City and the District, a copy of Professional Liability coverage for architects or engineers working on the Financed Improvements through the Property Owner. The City shall determine the liability limit.

Section 3.8. Ownership of Financed Improvements. Notwithstanding the fact that some or all of the Financed Improvements may be constructed in dedicated street rights-of-way or on property which has been or will be dedicated to the City, the Financed Improvements shall be and remain the property of the Property Owner until Acceptable Title thereto is conveyed to and accepted by the City as provided herein.

The City covenants that it will use its reasonable and diligent efforts to take all actions which may be lawfully required of it in issuing permits, processing and approving Plans and inspecting and accepting the Financed Improvements in accordance with this Acquisition Agreement, the City's requirements and applicable law.
(iv) **Request for Payment.** The City and the District represent and warrant that each will diligently follow all procedures set forth in this Acquisition Agreement with respect to each Payment Request and Disbursement Request.

(v) **Financial Records.** The City and the District covenant to maintain proper books of record and account with respect to the Bonds and all funds and accounts established pursuant to the Fiscal Agent Agreement.

(vi) **Permits.** The City and the District represent and warrant that they have no actual knowledge of any material impediment to the Property Owner's proceeding or completing the acquisition, construction and installation of any of the Facilities as contemplated by this Acquisition Agreement and the existing land use approvals with respect to the Property.

**Section 4.3. Indemnification.** To the fullest extent permitted by law, the Property Owner agrees to protect, indemnify, defend and hold the District and the City, and their respective officers, employees and agents, and each of them, harmless from and against any and all claims, losses, expenses, suits, actions, decrees, judgments, awards, attorney's fees, and court costs which the District or the City, or their respective officers, employees and agents, or any combination thereof, may suffer or which may be sought against or recovered or obtained from the District or the City, or their respective officers, employees or agents, or any combination, thereof as a result of or by reason of or arising out of this Agreement or in consequence of (a) the acquisition, construction, installation or financing of the Financed Improvements, (b) the untruth or inaccuracy of any representation or warranty made by the Property Owner in this Acquisition Agreement or in connection with the Bonds, or (c) any act or omission, negligent or otherwise, of the Property Owner or any developer or any of its subcontractors, agents or anyone who is directly employed by or acting in connection with the Property Owner or any of their subcontractors, or agents, in connection with the acquisition, construction, installation or financing of the Financed Improvements. If the Property Owner fails to do so, the District and the City shall have the right, but not the obligation, to defend the same and charge all of the direct or incidental costs of such defense, including any reasonable attorneys fees or court costs, to and recover the same from the Property Owner.

No indemnification is required to be paid by the Property Owner for any claim, loss or expense arising from the willful misconduct or gross negligence of the District or the City, or their respective officers, employees or agents.

The provisions of this Section shall survive the termination of this Acquisition Agreement.

**Section 4.4. Remedies in General; Damages Limited.** The Property Owner acknowledges that neither the District nor the City would have entered into this Acquisition Agreement if it were to be liable in damages under or with respect to this Acquisition Agreement. Any and all obligations of the District and the City hereunder shall be payable only from proceeds of Bonds, to the extent such proceeds may become available. Neither the District nor the City shall have any pecuniary liability for any act or omission of the District or the City, except as set forth in this Section. In no event will an act, or an omission or failure to act, by the District or the City with respect to the sale or proposed sale of Bonds subject the District or the City to pecuniary liability therefor.
In general, each of the parties hereto may pursue any remedy at law or equity available for the breach of any provision of this Acquisition Agreement; provided, however, that the District and the City shall not be liable in damages to the Property Owner. In light of the foregoing, the Property Owner covenants to the extent permitted by law not to sue for or claim any damages for any alleged breach of, or dispute which arises out of, this Acquisition Agreement, other than to compel payment of CFD Proceeds by the District to the Property Owner for the acquisition of the Financed Improvements in accordance with the provisions hereof and other than as set forth in Section 6.6.

Each of the District, the City and the Property Owner agree that a final and non-appealable judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

ORDINANCE NO. (next in order)

WHEREAS, on June 12, 2018, the City Council (the “Council”) of the City of Perris, California (the “City”) adopted Resolution No. 5303 (the “Resolution of Intention”) declaring its intention to form Community Facilities District No. 2018-1 (Green Valley-West Elm) of the City of Perris (the “District”) and Improvement Area No. 1 and Improvement Area No. 2 therein (each in “Improvement Area” and, collectively, the “Improvement Areas”) pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, commencing with Section 53311 of the Government (the “Act”) and adopted Resolution No. 5304 declaring its intention to incur bonded indebtedness of the District; and

WHEREAS, on July 31, 2018, and in accordance with the Act, the Council opened a public hearing after providing all notice required relating to the formation of the District, and setting forth the rate and method of apportionment and manner of collection of the special tax to be levied within each Improvement Area, which will be used to pay principal and interest on bonds proposed to be authorized within each Improvement Area, the proceeds of which will be applied to finance (1) the purchase, construction, modification, expansion, improvement or rehabilitation of certain real or other tangible property, including all furnishings, equipment and supplies related thereto; (2) the payment of development and other fees and the acquisition or construction of public facilities (collectively, the “Facilities”), which Facilities have a useful life of five years or longer; and (3) the incidental expenses to be incurred in connection with financing the Facilities and forming and administering the District, as further described in the Resolution of Intention; and

WHEREAS, at the public hearing, all persons not exempt from the special tax desiring to be heard on all matters pertaining to the formation of the District, including the boundaries of the District, the special tax, and the Facilities, were heard and a full and fair hearing was held, and such matters were not precluded by a majority protest; and

WHEREAS, on July 31, 2018, following the close of the public hearing, the Council adopted a resolution establishing the District (the “Resolution of Formation”) and a resolution determining the necessity to incur bonded indebtedness of the District (the “Resolution to Incur Bonded Indebtedness”) each of which called a consolidated special election on July 31, 2018 with the District on two propositions relating to the levying of special taxes, the incurring of bonded indebtedness and the establishment of an appropriation limit for the District; and

WHEREAS, on July 31, 2018, a special election was held within the District at which the qualified electors approved by more than a two-thirds vote the propositions labeled on
the official ballots as "Proposition A" and "Proposition B," which generally authorized the levy of special taxes within the District for the purposes described in the Resolution of Intention and the issuance of bonded indebtedness for the District as described in the Resolution to Incur Bonded Indebtedness.

THE CITY COUNCIL OF THE CITY OF PERRIS, IN ITS CAPACITY AS THE LEGISLATIVE BODY OF COMMUNITY FACILITIES DISTRICT NO. 2018-1 (GREEN VALLEY-WEST ELM) OF THE CITY OF PERRIS, DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. The Council finds the above recitals are true and correct and incorporated herein by this reference.

Section 2. By the passage of this Ordinance, the Council authorizes the levy of a special tax within the District at the maximum rates in accordance with the rate and method of apportionment for each Improvement Area of the District, set forth as Exhibit "B" to the Resolution of Formation, and for reference purposes attached hereto as Exhibit "A" and incorporated herein by this reference (the "Rate and Method").

Section 3. The Council or its designee is hereby further authorized to determine, by ordinance, resolution, or by other action if permitted by then applicable law, on or before August 1 of each year, the specific special tax to be levied for the next ensuing fiscal year on each parcel of land within each applicable Improvement Area of the District. The special tax to be levied within each Improvement Area shall not exceed the maximum rates set forth in the Rate and Method, but the special tax may be levied at a lower rate. The City Clerk is authorized and directed to file with the county auditor on or before the 10th day of August of each tax year a certified copy of such ordinance or resolution accompanied by a list of all parcels subject to the special tax levy with the tax to be levied on each parcel.

Section 4. Properties or entities of the state, federal or other local governments shall be exempt from the above-referenced and approved special taxes only to the extent set forth in Section 8 of each Rate and Method, and otherwise shall be subject to the tax consistent with the provisions of Sections 53317.3 and 53317.5 of the Act in effect as of the date of adoption of this Ordinance.

Section 5. All of the collections of the special taxes pursuant to the Rate and Method shall be used only as provided for in the Act and Resolution of Formation. The special taxes shall be levied within the District only so long as needed to accomplish the purposes described in Resolution of Formation.

Section 6. The special taxes shall be collected pursuant to the Rate and Method from time to time as necessary to meet the financial obligations of the District on the secured real property tax roll in the same manner as ordinary ad valorem taxes are collected, or other procedures as may be adopted by the Council. The City Manager, or his or her designee, is hereby authorized and directed to provide or to cause to be provided all necessary information to the auditor/tax collector of the County of Riverside and to otherwise take all actions necessary in order to effect proper billing and collection of the special taxes, so that the special taxes shall be

01006-60934833982
levied and collected in sufficient amounts and at times necessary to satisfy the financial obligations of the District in each fiscal year until the bonds issued on the security of such special taxes (the "Bonds") are paid in full, the Facilities have been paid for, and provision has been made for payment of all of the administrative costs of the District. The special taxes may be subject to the same penalties and the same procedure, sale and lien priority in cases of delinquency as provided for ad valorem taxes as such procedure may be modified by law or this City Council from time to time.

Notwithstanding the foregoing, the City Manager may collect, or cause to be collected, one or more installments of the special taxes by means of direct billing by the District of the property owners within the applicable improvement area of the District, if, in the judgment of the City Manager, such means of collection will reduce the administrative burden of the District in administering the District where it is otherwise appropriate in the circumstances. In such event, the special taxes shall become delinquent if not paid when due as set forth in any such respective billing to the property owners.

Whether the special taxes are levied in the manner provided in the first or the second preceding paragraph, the special taxes shall have the same lien priority, and be subject to the same penalties and the same procedure and sale in cases of delinquency as provided for ad valorem taxes. In addition, the provisions of Section 53356.1 of the Act shall apply to delinquent special tax payments.

Section 7. As a cumulative remedy, if any amount levied as a special tax for payment of bond interest or principal of any Bonds of the District, together with any penalties and other charges accruing under this ordinance, are not paid when due, the Council may, not later than four (4) years after the due date of the last installment of principal of the Bonds, order that the same be collected by an action brought in the superior court to foreclose the lien of such special tax.

Section 8. This Ordinance relating to the levy of the special taxes with the District shall take effect immediately upon its final passage in accordance with the provisions of Section 36937(a) of the Government Code, and the specific authorization for adoption is pursuant to the provisions of Section 53340 of the Government Code.

Section 9. The City Clerk is hereby directed to execute and cause to be recorded in the office of the County Recorder of the County of Riverside a notice of special tax lien in the form required by the Act, said recording to occur no later than fifteen (15) days following final passage by the City Council of this Ordinance, and to perform all other acts which are required by the Act, this Ordinance or by law in order to accomplish the purpose of this Ordinance.

Section 10. The Mayor shall sign this Ordinance and the City Clerk shall attest to the Mayor's signature and then cause the same to be published within fifteen (15) days after its passage at least once in a newspaper of general circulation published and circulated in the City.

Section 11. The City Clerk shall certify as to the passage and adoption of this Ordinance and shall cause the same to be posted at the designated locations in the City of Perris.
ADOPTED, SIGNED and APPROVED this 31st day of July, 2018.

B. Backup Special Tax for Developed Property

The Backup Special Tax for Developed Property commencing in Fiscal Year 2018-19 shall be $9,786 per Acre.

For the purpose of calculating the Backup Special Tax, the land area applicable to a Condominium shall be computed from the Acreage of the Lot on which the Condominium is located, with the Acreage for such Lot allocated equally among all of the Condominiums located or to be located on such Lot.

C. Maximum Special Tax for Developed Property

The Maximum Special Tax for Developed Property shall be the greater of the Assigned Special Tax for Developed Property and the Backup Special Tax for Developed Property.
D. Maximum Special Tax for Provisional Property and Undeveloped Property

The Maximum Special Tax for Provisional Property and Undeveloped Property commencing in Fiscal Year 2018-19 shall be $9,786 per Acre.

4. METHOD OF APPORTIONMENT

For each Fiscal Year, commencing Fiscal Year 2018-19, the CFD Administrator shall levy the Special Tax on all Taxable Property in accordance with the following steps:

Step 1: The Special Tax shall be levied Proportionately on each Assessor’s Parcel of Developed Property at 100% of the applicable Assigned Special Tax;

Step 2: If additional monies are needed to satisfy the Special Tax Requirement after Step 1 has been completed, the Special Tax shall be levied Proportionately on each Assessor’s Parcel of Undeveloped Property up to 100% of the Maximum Special Tax for Undeveloped Property;

Step 3: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor’s Parcel of Provisional Property up to 100% of the Maximum Special Tax for Provisional Property;

Step 4: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax amount determined in Step 1 shall be increased Proportionately on each Assessor’s Parcel of Developed Property up to 100% of the Maximum Special Tax for Developed Property.

Notwithstanding the above, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor’s Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased as a result of a delinquency or default in the payment of the Special Tax applicable to any other Assessor’s Parcel within CFD No. 2018-1 1A1 by more than ten percent (10%) above what would have been levied in the absence of such delinquencies or defaults.

5. COLLECTION OF SPECIAL TAXES

Collection of the Annual Special Tax shall be made by the County in the same manner as ordinary ad valorem property taxes are collected and the Annual Special Tax shall be subject to the same penalties and the same lien priority in the case of delinquency as ad valorem taxes; provided, however, that the Council may provide for (i) other means of collecting the Special Tax, including direct billings thereof to the property owners; and (ii) judicial foreclosure of delinquent Annual Special Taxes.

6. PREPAYMENT OF SPECIAL TAX OBLIGATION

A. Prepayment in Full

Property owners may prepay and permanently satisfy the Special Tax Obligation by a cash settlement with the City as permitted under Government Code Section 53344. The following definitions apply to this Section 6:

“CFD Public Facilities Costs” means $2,650,000 or such lower number as (i) shall be determined by the CFD Administrator as sufficient to acquire or construct the facilities to be financed under the Act and financing program for CFD No. 2018-1 1A1, or (ii) shall
be determined by the Council concurrently with a covenant that it will not issue any more Bonds (except refunding bonds).

"Construction Fund" means the fund (regardless of its name) established pursuant to the Indenture to hold funds, which are currently available for expenditure to acquire or construct the facilities or pay fees authorized to be funded by CFD No. 2018-1 IA1.

"Future Facilities Costs" means the CFD Public Facilities Costs minus (i) costs previously paid from the Construction Fund to acquire or construct the facilities, (ii) monies currently on deposit in the Construction Fund, and (iii) monies currently on deposit in an escrow or other designated fund that are expected to be available to finance CFD Public Facilities Costs.

"Outstanding Bonds" means all Previously Issued Bonds, which remain outstanding as of the first interest and/or principal payment date following the current Fiscal Year excluding Bonds to be redeemed at a later date with proceeds of prior Special Tax prepayments.

"Previously Issued Bonds" means all Bonds that have been issued prior to the date of prepayment.

The Special Tax Obligation applicable to an Assessor’s Parcel of Developed Property, or Undeveloped Property for which a Building Permit has been issued may be prepaid and the obligation to pay the Special Tax for such Assessor’s Parcel permanently satisfied as described herein, provided that a prepayment may be made with respect to a particular Assessor’s Parcel only if there are no delinquent Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. An owner of an Assessor’s Parcel eligible to prepay the Special Tax Obligation shall provide the CFD Administrator with written notice of intent to prepay, and designate or identify the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the Prepayment Amount for such Assessor’s Parcel within thirty (30) days of the request, and may charge a reasonable fee for providing this service. Prepayment must be made at least 60 days prior to any redemption date for the CFD No. 2018-1 IA1 Bonds to be redeemed with the proceeds of such prepaid Special Taxes, unless a shorter period is acceptable to the Trustee and the City.

The Prepayment Amount (defined below) shall be calculated for each applicable Assessor’s Parcel or group of Assessor’s Parcels as summarized below (capitalized terms as defined below):

Bond Redemption Amount
plus Redemption Premium
plus Future Facilities Prepayment Amount
plus Defeasance Amount
plus Prepayment Administrative Fees and Expenses
less Reserve Fund Credit
less Capitalized Interest Credit
Total: equals Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined in Step 14 below) shall be calculated as follows:
Step No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor’s Parcel.

2. For Assessor’s Parcels of Developed Property, determine the Maximum Special Tax. For Assessor’s Parcels of Undeveloped Property for which a Building Permit has been issued, compute the Maximum Special Tax for that Assessor’s Parcel as though it was already designated as Developed Property, based upon the Building Permit which has already been issued for that Assessor’s Parcel.

3. Divide the Maximum Special Tax computed pursuant to paragraph 2 by the total expected Maximum Special Tax revenue for CFD No. 2018-1 IA1 assuming all Building Permits have been issued (build-out) within CFD No. 2018-1 IA1, excluding any Assessor’s Parcels for which the Special Tax Obligation has been previously prepaid.

4. Multiply the quotient computed pursuant to paragraph 3 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid for all applicable parcels and round that amount up to the nearest $5,000 increment (the “Bond Redemption Amount”).

5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium (expressed as a percentage), if any, on the Outstanding Bonds to be redeemed at the first available call date (the “Redemption Premium”).

7. Multiply the quotient computed pursuant to paragraph 3 by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the “Future Facilities Prepayment Amount”).

8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the expected redemption date for the Outstanding Bonds which, depending on the Indenture, may be as early as the next interest payment date.

9. Compute the amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Prepayment Amount and the Prepayment Administrative Fees from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.

10. Subtract the amount computed in paragraph 9 from the amount computed in paragraph 8 (the “Defeasance Amount”).

11. Calculate the administrative fees and expenses of CFD No. 2018-1 IA1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming CFD No. 2018-1 IA1, and the costs of recording any notices to evidence the prepayment and the redemption (the “Prepayment Administrative Fees”).
12. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Indenture) on the prepayment calculation date, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "Reserve Fund Credit"). No Reserve Fund Credit shall be granted if, after the Prepayment Amount is calculated, reserve funds are below 100% of the reserve requirement.

13. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the quotient computed pursuant to paragraph 3 by the expected balance in the capitalized interest fund after such first interest and/or principal payment (the "Capitalized Interest Credit").

14. The amount to prepay the Special Tax Obligation is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 10, and 11, less the amounts computed pursuant to paragraphs 12 and 13 (the "Prepayment Amount").

15. From the Prepayment Amount, the sum of the amounts computed pursuant to paragraphs 4, 5, and 10, less the amounts computed pursuant to paragraphs 12 and 13 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make Debt Service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 11 shall be retained by CFD No. 2018-1 IA1.

The Prepayment Amount may be sufficient to redeem an amount other than a $5,000 increment of CFD No. 2018-1 IA1 Bonds. In such cases, the increment above $5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to redeem CFD No. 2018-1 IA1 Bonds to be used with the next prepayment of CFD No. 2018-1 IA1 Bonds.

The CFD Administrator will confirm that all previously levied Special Taxes have been paid in full. With respect to any Assessor's Parcel for which the Special Tax Obligation is prepaid in full, once the CFD Administrator has confirmed that all previously levied Special Taxes have been paid, the Council shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of the Special Tax and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of the owner of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less Administrative Expenses that may be levied on Taxable Property, respectively, after the proposed prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

B. Partial Prepayment
The Special Tax on an Assessor’s Parcel of Developed Property or Undeveloped Property for which a building permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section 6.A.; except that a partial prepayment shall be calculated according to the following formula:

\[ PP = (P - A) \times F + A \]

These terms have the following meaning:

- \( PP \) = the partial prepayment
- \( P \) = the Prepayment Amount calculated according to Section 6.A
- \( F \) = the percentage by which the owner of the Assessor’s Parcel(s) is partially prepaying the Special Tax Obligation
- \( A \) = the Prepayment Administrative Fees and Expenses from Section 6.A

The owner of any Assessor’s Parcel who desires such partial prepayment shall notify the CFD Administrator of (i) such owner’s intent to partially prepay the Special Tax Obligation, (ii) the percentage by which the Special Tax Obligation shall be prepaid, and (iii) the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax Obligation for an Assessor’s Parcel within sixty (60) days of the request and may charge a reasonable fee for providing this service.

With respect to any Assessor’s Parcel that is partially prepaid, the City shall (i) distribute the funds remitted to it according to Section 6.A., and (ii) indicate in the records of CFD No. 2018-1 IA1 that there has been a partial prepayment of the Special Tax Obligation and that a portion of the Special Tax with respect to such Assessor’s Parcel, equal to the outstanding percentage \( (1.00 - F) \) of the Maximum Special Tax, shall continue to be levied on such Assessor’s Parcel.

Notwithstanding the foregoing, no partial prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less Administrative Expenses that may be levied on Taxable Property, respectively, after the proposed partial prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

7. TERM OF SPECIAL TAX

The Special Tax shall be levied as long as necessary to meet the Special Tax Requirement for a period not to exceed forty (40) Fiscal Years commencing with Fiscal Year 2018-19, provided however that the Special Tax will cease to be levied in an earlier Fiscal Year if the CFD Administrator has determined that all required interest and principal payments on CFD No. 2018-1 IA1 bonds have been paid.

8. EXEMPTIONS

The CFD Administrator shall classify as Exempt Property (i) Assessor’s Parcels of Public Property, (ii) Assessor’s Parcels of Property Owner Association Property, or (iii) Assessor’s Parcels which are used as places of worship and are exempt from ad valorem property taxes because they are owned by a religious organization, (iv) Assessor’s Parcels with public or utility easements making impractical their utilization for other than the purposes set forth in the easement, and (v) Assessor’s Parcels of Developed Property classified as Non-Residential Property as determined reasonably by the CFD Administrator, provided that no such
classification would reduce the sum of all Taxable Property in CFD No. 2018-1 IA1 to less than 22.16 Acres. Assessor’s Parcels which cannot be classified as Exempt Property because such classification would reduce the sum of all Taxable Property in CFD No. 2018-1 IA1 to less than 22.16 Acres shall be classified as Provisional Property and will continue to be subject to the CFD No. 2018-1 IA1 Special Taxes accordingly. Tax exempt status for the purpose of this paragraph will be assigned by the CFD Administrator in the chronological order in which property becomes eligible for classification as Exempt Property.

If the use of an Assessor’s Parcel of Exempt Property changes so that such Assessor’s Parcel is no longer classified as one of the uses set forth in the first paragraph of Section 8 above that would make such Assessor’s Parcel eligible to be classified as Exempt Property, such Assessor’s Parcel shall cease to be classified as Exempt Property and shall be deemed to be Taxable Property.

9. APPEALS

Any landowner who pays the Special Tax and claims the amount of the Special Tax levied on his or her Assessor’s Parcel is in error shall first consult with the CFD Administrator regarding such error not later than thirty-six (36) months after first having paid the first installment of the Special Tax that is disputed. If following such consultation the CFD Administrator determines that an error has occurred, then the CFD Administrator shall take any of the following actions, in order of priority, in order to correct the error:

(i) Amend the Special Tax levy on the landowner’s Assessor’s Parcel(s) for the current Fiscal Year prior to the payment date,

(ii) Require the CFD to reimburse the landowner for the amount of the overpayment to the extent of available CFD funds, or

(iii) Grant a credit against, eliminate or reduce the future Special Taxes on the landowner’s Assessor’s Parcel(s) in the amount of the overpayment.

If following such consultation and action by the CFD Administrator the landowner believes such error still exists, such person may file a written notice of appeal with the City Council. Upon the receipt of such notice, the City Council or designee may establish such procedures as deemed necessary to undertake the review of any such appeal. If the City Council or designee determines an error still exists, the CFD Administrator shall take any of the actions described as (i), (ii) and (iii) above, in order of priority, in order to correct the error.

The City Council or designee thereof shall interpret this Rate and Method of Apportionment of Special Tax for purposes of clarifying any ambiguities and make determinations relative to the administration of the Special Tax and any landowner appeals. The decision of the City Council or designee shall be final.

B. Backup Special Tax for Developed Property

The Backup Special Tax for Developed Property commencing in Fiscal Year 2018-19 shall be $9,985 per Acre.

For the purpose of calculating the Backup Special Tax, the land area applicable to a Condominium shall be computed from the Acreage of the Lot on which the Condominium is located, with the Acreage for such Lot allocated equally among all of the Condominiums located or to be located on such Lot.

C. Maximum Special Tax for Developed Property

The Maximum Special Tax for Developed Property shall be the greater of the Assigned Special Tax for Developed Property and the Backup Special Tax for Developed Property.
D. Maximum Special Tax for Provisional Property and Undeveloped Property

The Maximum Special Tax for Provisional Property and Undeveloped Property commencing in Fiscal Year 2018-19 shall be $9,985 per Acre.

4. METHOD OF APPORTIONMENT

For each Fiscal Year, commencing Fiscal Year 2018-19, the CFD Administrator shall levy the Special Tax on all Taxable Property in accordance with the following steps:

Step 1: The Special Tax shall be levied Proportionately on each Assessor’s Parcel of Developed Property at 100% of the applicable Assigned Special Tax;

Step 2: If additional monies are needed to satisfy the Special Tax Requirement after Step 1 has been completed, the Special Tax shall be levied Proportionately on each Assessor’s Parcel of Undeveloped Property up to 100% of the Maximum Special Tax for Undeveloped Property;

Step 3: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, then the Special Tax shall be levied Proportionately on each Assessor’s Parcel of Provisional Property up to 100% of the Maximum Special Tax for Provisional Property;

Step 4: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the Special Tax amount determined in Step 1 shall be increased Proportionately on each Assessor’s Parcel of Developed Property up to 100% of the Maximum Special Tax for Developed Property.

Notwithstanding the above, under no circumstances will the Special Tax levied in any Fiscal Year against any Assessor’s Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased as a result of a delinquency or default in the payment of the Special Tax applicable to any other Assessor’s Parcel within CFD No. 2018-1 IA2 by more than ten percent (10%) above what would have been levied in the absence of such delinquencies or defaults.

5. COLLECTION OF SPECIAL TAXES

Collection of the Annual Special Tax shall be made by the County in the same manner as ordinary ad valorem property taxes are collected and the Annual Special Tax shall be subject to the same penalties and the same lien priority in the case of delinquency as ad valorem taxes; provided, however, that the Council may provide for (i) other means of collecting the Special Tax, including direct billings thereof to the property owners; and (ii) judicial foreclosure of delinquent Annual Special Taxes.

6. PREPAYMENT OF SPECIAL TAX OBLIGATION

A. Prepayment in Full

Property owners may prepay and permanently satisfy the Special Tax Obligation by a cash settlement with the City as permitted under Government Code Section 53344. The following definitions apply to this Section 6:

“CFD Public Facilities Costs” means $2,950,000 or such lower number as (i) shall be determined by the CFD Administrator as sufficient to acquire or construct the facilities to be financed under the Act and financing program for CFD No. 2018-1 IA2, or (ii) shall
be determined by the Council concurrently with a covenant that it will not issue any more Bonds (except refunding bonds).

"Construction Fund" means the fund (regardless of its name) established pursuant to the Indenture to hold funds, which are currently available for expenditure to acquire or construct the facilities or pay fees authorized to be funded by CFD No. 2018-1 IA2.

"Future Facilities Costs" means the CFD Public Facilities Costs minus (i) costs previously paid from the Construction Fund to acquire or construct the facilities, (ii) monies currently on deposit in the Construction Fund, and (iii) monies currently on deposit in an escrow or other designated fund that are expected to be available to finance CFD Public Facilities Costs.

"Outstanding Bonds" means all Previously Issued Bonds, which remain outstanding as of the first interest and/or principal payment date following the current Fiscal Year excluding Bonds to be redeemed at a later date with proceeds of prior Special Tax prepayments.

"Previously Issued Bonds" means all Bonds that have been issued prior to the date of prepayment.

The Special Tax Obligation applicable to an Assessor’s Parcel of Developed Property, or Undeveloped Property for which a Building Permit has been issued may be prepaid and the obligation to pay the Special Tax for such Assessor’s Parcel permanently satisfied as described herein, provided that a prepayment may be made with respect to a particular Assessor’s Parcel only if there are no delinquent Special Taxes with respect to such Assessor’s Parcel at the time of prepayment. An owner of an Assessor’s Parcel eligible to prepay the Special Tax Obligation shall provide the CFD Administrator with written notice of intent to prepay, and designate or identify the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the Prepayment Amount for such Assessor’s Parcel within thirty (30) days of the request, and may charge a reasonable fee for providing this service. Prepayment must be made at least 60 days prior to any redemption date for the CFD No. 2018-1 IA2 Bonds to be redeemed with the proceeds of such prepaid Special Taxes, unless a shorter period is acceptable to the Trustee and the City.

The Prepayment Amount (defined below) shall be calculated for each applicable Assessor’s Parcel or group of Assessor’s Parcels as summarized below (capitalized terms as defined below):

Bond Redemption Amount
plus Redemption Premium
plus Future Facilities Prepayment Amount
plus Defeasance Amount
plus Prepayment Administrative Fees and Expenses
less Reserve Fund Credit
less Capitalized Interest Credit
Total: equals Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined in Step 14 below) shall be calculated as follows:
Step No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor’s Parcel.

2. For Assessor’s Parcels of Developed Property, determine the Maximum Special Tax. For Assessor’s Parcels of Undeveloped Property for which a Building Permit has been issued, compute the Maximum Special Tax for that Assessor’s Parcel as though it was already designated as Developed Property, based upon the Building Permit which has already been issued for that Assessor’s Parcel.

3. Divide the Maximum Special Tax computed pursuant to paragraph 2 by the total expected Maximum Special Tax revenue for CFD No. 2018-1 IA2 assuming all Building Permits have been issued (build-out) within CFD No. 2018-1 IA2, excluding any Assessor’s Parcels for which the Special Tax Obligation has been previously prepaid.

4. Multiply the quotient computed pursuant to paragraph 3 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid for all applicable parcels and round that amount up to the nearest $5,000 increment (the “Bond Redemption Amount”).

5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium (expressed as a percentage), if any, on the Outstanding Bonds to be redeemed at the first available call date (the “Redemption Premium”).

7. Multiply the quotient computed pursuant to paragraph 3 by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the “Future Facilities Prepayment Amount”).

8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the expected redemption date for the Outstanding Bonds which, depending on the Indenture, may be as early as the next interest payment date.

9. Compute the amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Prepayment Amount and the Prepayment Administrative Fees from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.

10. Subtract the amount computed in paragraph 9 from the amount computed in paragraph 8 (the “Defeasance Amount”).

11. Calculate the administrative fees and expenses of CFD No. 2018-1 IA2, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming CFD No. 2018-1 IA2, and the costs of recording any notices to evidence the prepayment and the redemption (the “Prepayment Administrative Fees”).
12. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Indenture) on the prepayment calculation date, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the “Reserve Fund Credit”). No Reserve Fund Credit shall be granted if, after the Prepayment Amount is calculated, reserve funds are below 100% of the reserve requirement.

13. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the quotient computed pursuant to paragraph 3 by the expected balance in the capitalized interest fund after such first interest and/or principal payment (the “Capitalized Interest Credit”).

14. The amount to prepay the Special Tax Obligation is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 10, and 11, less the amounts computed pursuant to paragraphs 12 and 13 (the “Prepayment Amount”).

15. From the Prepayment Amount, the sum of the amounts computed pursuant to paragraphs 4, 5, and 10, less the amounts computed pursuant to paragraphs 12 and 13 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make Debt Service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 11 shall be retained by CFD No. 2018-1 IA2.

The Prepayment Amount may be sufficient to redeem an amount other than a $5,000 increment of CFD No. 2018-1 IA2 Bonds. In such cases, the increment above $5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to redeem CFD No. 2018-1 IA2 Bonds to be used with the next prepayment of CFD No. 2018-1 IA2 Bonds.

The CFD Administrator will confirm that all previously levied Special Taxes have been paid in full. With respect to any Assessor’s Parcel for which the Special Tax Obligation is prepaid in full, once the CFD Administrator has confirmed that all previously levied Special Taxes have been paid, the Council shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of the Special Tax and the release of the Special Tax lien on such Assessor’s Parcel, and the obligation of the owner of such Assessor’s Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less Administrative Expenses that may be levied on Taxable Property, respectively, after the proposed prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

B. Partial Prepayment
The Special Tax on an Assessor’s Parcel of Developed Property or Undeveloped Property for which a building permit has been issued may be partially prepaid. The amount of the prepayment shall be calculated as in Section 6.A.; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_e - A) \times F + A$$

These terms have the following meaning:

- $PP$ = the partial prepayment
- $P_e$ = the Prepayment Amount calculated according to Section 6.A.
- $F$ = the percentage by which the owner of the Assessor’s Parcel(s) is partially prepaying the Special Tax Obligation
- $A$ = the Prepayment Administrative Fees and Expenses from Section 6.A.

The owner of any Assessor’s Parcel who desires such partial prepayment shall notify the CFD Administrator of (i) such owner’s intent to partially prepay the Special Tax Obligation, (ii) the percentage by which the Special Tax Obligation shall be prepaid, and (iii) the company or agency that will be acting as the escrow agent, if any. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax Obligation for an Assessor’s Parcel within sixty (60) days of the request and may charge a reasonable fee for providing this service.

With respect to any Assessor’s Parcel that is partially prepaid, the City shall (i) distribute the funds remitted to it according to Section 6.A., and (ii) indicate in the records of CFD No. 2018-1 IA2 that there has been a partial prepayment of the Special Tax Obligation and that a portion of the Special Tax with respect to such Assessor’s Parcel, equal to the outstanding percentage $(1.00 - F)$ of the Maximum Special Tax, shall continue to be levied on such Assessor’s Parcel.

Notwithstanding the foregoing, no partial prepayment shall be allowed unless the aggregate amount of Maximum Special Taxes less Administrative Expenses that may be levied on Taxable Property, respectively, after the proposed partial prepayment is at least 1.1 times the Debt Service on all Outstanding Bonds in each Fiscal Year.

7. TERM OF SPECIAL TAX
The Special Tax shall be levied as long as necessary to meet the Special Tax Requirement for a period not to exceed forty (40) Fiscal Years commencing with Fiscal Year 2018-19, provided however that the Special Tax will cease to be levied in an earlier Fiscal Year if the CFD Administrator has determined that all required interest and principal payments on CFD No. 2018-1 IA2 bonds have been paid.

8. EXEMPTIONS
The CFD Administrator shall classify as Exemp: Property (i) Assessor’s Parcels of Public Property, (ii) Assessor’s Parcels of Property Owner Association Property, or (iii) Assessor’s Parcels which are used as places of worship and are exempt from ad valorem property taxes because they are owned by a religious organization, (iv) Assessor’s Parcels with public or utility easements making impractical their utilization for other than the purposes set forth in the easement, and (v) Assessor’s Parcels of Developed Property classified as Non-Residential Property as determined reasonably by the CFD Administrator, provided that no such
classification would reduce the sum of all Taxable Property in CFD No. 2018-1 IA2 to less than 24.53 Acres. Assessor’s Parcels which cannot be classified as Exempt Property because such classification would reduce the sum of all Taxable Property in CFD No. 2018-1 IA2 to less than 24.53 Acres shall be classified as Provisional Property and will continue to be subject to the CFD No. 2018-1 IA2 Special Taxes accordingly. Tax exempt status for the purpose of this paragraph will be assigned by the CFD Administrator in the chronological order in which property becomes eligible for classification as Exempt Property.

If the use of an Assessor’s Parcel of Exempt Property changes so that such Assessor’s Parcel is no longer classified as one of the uses set forth in the first paragraph of Section 8 above that would make such Assessor’s Parcel eligible to be classified as Exempt Property, such Assessor’s Parcel shall cease to be classified as Exempt Property and shall be deemed to be Taxable Property.

9. APPEALS

Any landowner who pays the Special Tax and claims the amount of the Special Tax levied on his or her Assessor’s Parcel is in error shall first consult with the CFD Administrator regarding such error not later than thirty-six (36) months after first having paid the first installment of the Special Tax that is disputed. If following such consultation the CFD Administrator determines that an error has occurred, then the CFD Administrator shall take any of the following actions, in order of priority, in order to correct the error:

(i) Amend the Special Tax levy on the landowner’s Assessor’s Parcel(s) for the current Fiscal Year prior to the payment date,

(ii) Require the CFD to reimburse the landowner for the amount of the overpayment to the extent of available CFD funds, or

(iii) Grant a credit against, eliminate or reduce the future Special Taxes on the landowner’s Assessor’s Parcel(s) in the amount of the overpayment.

If following such consultation and action by the CFD Administrator the landowner believes such error still exists, such person may file a written notice of appeal with the City Council. Upon the receipt of such notice, the City Council or designee may establish such procedures as deemed necessary to undertake the review of any such appeal. If the City Council or designee determines an error still exists, the CFD Administrator shall take any of the actions described as (i), (ii) and (iii) above, in order of priority, in order to correct the error.

The City Council or designee thereof shall interpret this Rate and Method of Apportionment of Special Tax for purposes of clarifying any ambiguities and make determinations relative to the administration of the Special Tax and any landowner appeals. The decision of the City Council or designee shall be final.
