It is unlawful for the owner or person having charge, custody or control of any animal to permit, either willfully or through the failure to exercise due care or control, any such animal to create a nuisance by leaving its excreta and to allow such nuisance to therefore remain on the following: (a) any public park in the City; (b) a public sidewalk, parkway or any other public property; (c) any entranceway, stairway or wall immediately abutting a public sidewalk; (d) the floor of any theater, shop, store, office building or other building used by the public; (e) any improved private property other than that of the owner or person who has custody or control of such animal; (f) the floor of any common hall in any apartment house, tenement house, motel or other multiple dwelling. It shall be unlawful for any person to have, keep, maintain or have in his or her possession or under his or her control, on any property within the City, a horse, llama, buffalo, ostrich, sheep, goat, swine, bovine, ox, donkey or mule unless the property is zoned RA or A1.

8.08.080 Disturbing the peace.

It is unlawful and declared a nuisance for any person to keep, maintain or permit on any lot, parcel of land or premises under his or her control, any animal which may by any sound or cry disturb the peace and comfort of the inhabitants of the neighborhood or interfere

with the reasonable and comfortable enjoyment of life and property; provided, however, that nothing contained herein shall be construed to apply to reasonable noises emanating from legally operated veterinary hospitals, humane societies, animal shelters, farm or agricultural facilities within areas where the keeping of animals or fowls are permitted.

8.08.090 Mandatory dog licensing and vaccination.

A. It is unlawful, except as provided elsewhere in this Chapter, to keep any dog, four (4) months of age or older, in the City for a period of thirty (30) days or longer, unless such dog has a currently valid license tag which has been issued by or on behalf of the City.

B. No dog shall be licensed without proof of an approved rabies vaccination. A rabies vaccination certificate must be signed by a licensed veterinarian and shall remain valid for the entire registration period.

C. Each veterinarian, after vaccinating a dog, shall sign a certificate of vaccination in triplicate in the form prescribed by Section 2606.4 of Title 17 of the California Administrative Code or in such other form as may be acceptable to the senior animal control officer. The veterinarian shall keep one copy, give one copy of the form to the owner of the vaccinated dog, and, on a monthly basis, forward a copy of each completed certification of vaccination to the senior animal control officer.

D. Licenses shall be issued for a period of twelve (12), twenty-four (24) or thirty-six (36) months, depending on the duration of the vaccination certificate. Registrations may be issued for periods of time less than the minimum twelve (12) month period of time if the animal's rabies certificate expires sooner than the minimum registration period. No license may expire later than the expiration date of the rabies vaccination. License fees shall be as established from time to time by resolution of the City Council. Such license fee is neither refundable nor transferable.

E. Notwithstanding the provisions of Subsections B and D of this Section, if a dog has a short-term illness, is pregnant, or suffers from a long-term debilitating illness which in the opinion of a veterinarian contraindicates vaccination for rabies, such dog shall not be required to undergo vaccination during the period of such illness or pregnancy where a request for vaccination deferral has been approved by the senior animal control officer. Such request shall specify the duration of the requested deferral, the reason for the requested deferral and shall be signed by a veterinarian. The owner of such dog shall keep the dog confined for the duration of the deferral. Within fourteen (14) days after the expiration of the deferral, the owner shall present the senior animal control officer with a certificate of vaccination in accordance with the provisions of Subsection C of this Section. In lieu of such deferral, the senior animal control officer may issue a license which will expire on the date on which a deferral would have expired had it been granted. As a condition to granting deferral, the senior animal control officer may require that the license application and the fee related thereto be lodged with the senior animal control officer prior to issuance of the deferral.

F. No fee shall be required for a license for any service dog that is under the control of and is aiding a blind, hearing impaired or physically disabled person, or if such dog is owned by or in the custody of a bona fide organization having as its primary purpose the furnishing and training of such dogs.

G. No fee shall be required for a license for any dog owned by a public entity.

H. Each license issued pursuant to this Chapter may be renewed. Application for renewal shall be made to the senior animal control officer, or his or her authorized designee, not later than thirty (30) days after the expiration date on the license.

I. If an application for a license is made more than thirty (30) days after the date that a dog license is required under this Chapter, the applicant shall pay, in addition to the regular license fee, such late fee as may be established by resolution of the City Council.

J. Within thirty (30) days of the transfer of ownership of any dog validly licensed under this Chapter, the new owner shall notify the senior animal control officer of the transfer, using the form prescribed by the senior animal control officer, and the new owner shall pay any such transfer fee as may be established by resolution of the City Council.

K. If a valid license tag is lost or destroyed, a duplicate may be obtained from the senior animal control officer upon submission of a statement signed by the owner of the dog. The statement shall contain the date and circumstances of the loss or destruction of the tag and shall be submitted concurrently with the applicable fee to the senior animal control officer, or his or her authorized designee.

L. Each dog required to be licensed shall wear, at all times, the current license tag assigned to that dog, except when the dog is: (a) physically confined within the premises of the owner or other person authorized to have custody; (b) confined in a vehicle or cage; (c) participating in any dog exhibition, field trial or competition; or (d) confined in a licensed kennel or veterinary hospital, in which case the license tag number shall be recorded and placed nearby so that it is readily identifiable with the dog to which it belongs; or if not licensed, that fact shall be clearly indicated on the facility's records. Nothing herein contained, however, shall be construed to relieve the necessity of having a current tag for each dog. Upon request of any animal control officer or peace officer, an owner of a dog for which a license is required shall present a currently valid certificate of vaccination and/or license tag for such dog.

M. It is unlawful for any person to make use of a stolen, counterfeit or unauthorized license, tag, certificate or other document for the purpose of evading the provisions of this Chapter.

N. The City may impose a higher license fee for animals that have been determined to be potentially dangerous or vicious by either animal services or the court. The increased license fee shall offset the increased costs of maintaining the records of the animal.

8.08.100 Reporting suspected rabies.

Any person having knowledge of the whereabouts of an animal known to have or suspected of having rabies shall report such facts immediately to the County Health Officer or the senior animal control officer, or his or her authorized designee. In those areas declared by the Director of the State Department of Public Health to be regarded as rabies areas (pursuant to Section 1901.2 of the California Health and Safety Code), the senior animal control officer and the County Health Officer shall be notified when any person is bitten by an animal of a species subject to rabies, whether or not the animal is suspected of having rabies.

8.08.110 Quarantine.

A. Upon receipt of a report that a person has been bitten or otherwise exposed by an animal to a species of rabies (all warm-blooded animals), the senior animal control officer, or his or her authorized designee, at his or her discretion, shall have said animal isolated in strict confinement to the owner's property. If the senior animal control officer, or his or her authorized designee, determines, in his or her sole discretion, that the animal's owner cannot adequately confine the animal, the animal control officer may order that the animal be confined under the proper care and observation of a licensed veterinarian in a veterinary hospital or other adequate facility. The animal shall be observed for at least fourteen (14) days (dogs and cats need only be observed for ten (10) days) after the date of the bite, with the following exception: dogs and cats may be released after five (5) days of veterinary observation if the observing veterinarian certifies that there are no clinical signs or symptoms of disease. If the animal is confined in a veterinarian hospital or other facility, the animal's owner shall be financially responsible for all costs incurred in connection therewith.

B. Any animal of a species subject to rabies that has been bitten by a known or suspected rabid animal or that has been exposed by contact with a rabid or suspected animal shall be quarantined in a place and manner approved by the senior animal control officer for a period of six (6) months, or destroyed, with the exception that the following alternative is permitted in the case of dogs and cats: If the dog or cat has been vaccinated against rabies: (a) Within two (2) years, but not less than thirty (30) days, with a canine live-virus rabies vaccine; or (b) Within one (1) year, but not less than thirty (30) days, with canine killed-virus rabies vaccine, the dog or cat may be revaccinated in a manner prescribed and quarantined in a place and manner approved by the senior animal control officer, or his or her authorized designee, for a period of thirty (30) days.

C. If, upon examination, the senior animal control officer, or his or her authorized designee, determines that any animal is afflicted with rabies; he or she may cause such animal to be destroyed in a humane manner. However, when any animal is known to have bitten, scratched or otherwise exposed a person or animal to rabies, such animal shall be quarantined for such time as may be prescribed by law.

D. The senior animal control officer, or his or her authorized designee, may authorize, with permission of the owner and following other legal restrictions, the euthanasia of a

biting animal for the purpose of conducting a laboratory examination for rabies in an approved laboratory. The costs of quarantining such animal shall be the responsibility of the owner. If any rabid animal, clinically suspected rabid animal, or biting animal dies or has been killed, adequate specimens shall be obtained and examined in an approved public health laboratory. No person shall destroy or allow to be destroyed the brain of an animal of a species subject to rabies that has bitten or otherwise exposed a person before the destruction of such brain has been authorized by the County Health Department.

8.08.120 Cat licensing.

Cats, four (4) months of age or older, may be licensed in the same manner in which dogs are licensed. Cats must have current rabies vaccinations valid for the entire registration period.

8.08.130 Limit on number of dogs and cats.

Unless permitted as a kennel, cattery or animal refuge, or in receipt of a minor development plan review permit, it shall be unlawful for any person to keep within the City, in any private residence or on any other parcel, for a period longer than thirty (30) days, more than:

- A. Any four (4) dogs, four (4) months of age or older, and
- B. Any four (4) cats, four (4) months of age or older.

8.08.140 Kennels, catteries, animal refuges and minor development plan review permits.

A. Registration privileges for kennels, catteries, and animal refuges including minor development plan review permits shall be revoked when registrants are found guilty by the City's senior animal control officer, the Public Safety Commission or a court of:

- 1. Inhumanely or cruelly treating animals;
- 2. Violating health and sanitation codes;
- 3. Willfully failing to:
 - a. Notify owners of the presence of their lost animals,
 - b. Check for identification marks such as registered tattoos, or
 - c. Refuse to return duly identified animals to their rightful owners;

4. Violating noise and nuisance ordinances; or
5. Making false statements on their application forms.

8.08.150 Mandatory licensing of dog kennels, catteries and animal refuges.

A. No person shall operate or maintain a dog kennel, cattery or animal refuge without first obtaining an appropriate license from the senior animal control officer, a minor development plan review permit and any additional permit or approval required by the City's Zoning Code. Such licenses shall be valid for a period of one or two years from the date of issuance. An application for renewal of such license shall be made not less than thirty (30) days prior to the date of expiration thereof. Where a permit has been issued for a dog kennel and is in effect, the dogs contained in the dog kennel shall be exempt from the requirements of individual license tags as provided in this Chapter. The license fees and late fees for a dog kennel, cattery or animal refuge, if an application for a license is made after the date such license or renewal application is required, shall be established by resolution of the City Council, as may be amended from time to time.

B. The holder of a kennel, cattery or animal refuge license shall keep available for inspection his or her license and a record of all animals by name, breed, sex, color and age. In addition, he or she shall post in a visible place the name, address and telephone number of a family member with a different address, and a veterinarian or other party who can be contacted in case of an emergency to assume the care of the animals on the premises.

C. An Application for a dog kennel, cattery or animal refuge license shall be filed with the senior animal control officer on the form prescribed not later than ten (10) days after the applicant obtains written verification from the City's Planning and Community Development Department, a copy of which shall be sent to the senior animal control officer, that the proposed operation of the dog kennel, cattery or animal refuge is in compliance with the applicable provision of the City's then-current land use and zoning ordinance. The application form shall contain such information as may reasonably be required by the senior animal control officer for the purposes of enforcement of this Chapter, including, but not limited to, the home telephone number of the caretaker of the subject dog kennel, cattery or animal refuge and a telephone number for emergency use or messages when such caretaker is absent from the subject kennel, cattery or animal refuge. Where a dog kennel, cattery or animal refuge is sought to be operated upon leased or rented premises, a letter of consent from the owner of the premises must also be submitted to the senior animal control officer at the time the application is submitted.

D. Upon receipt of an application for a dog kennel, cattery or animal refuge license, the senior animal control officer shall inspect the proposed premises for which the license is requested. No license shall be issued or renewed unless the premises conforms with the requirements of this Chapter and all other applicable laws and regulations, including, without limitation, the County of Riverside's standards for kennels, catteries and animal refuges. Notwithstanding any other provisions of this Chapter, the senior animal control officer, upon application for issuance or renewal of a dog kennel, cattery or animal refuge license, may limit

the number of animals which are to be kept or maintained on the licensed premises. The numerical limitation may be imposed by the Planning and Community Development Director or Planning Commission when the Director or Commission is considering a land use approval which is required for the operation of the dog kennel, cattery or animal refuge, except that neither the Director nor the Commission may permit a number of animals greater than that number recommended by the senior animal control officer.

E. Notwithstanding any other provision of this Chapter, the senior animal control officer and any peace officer of the City are authorized to enter upon and inspect the premises of any dog kennel, cattery or animal refuge in the City to determine whether such dog kennel, cattery or animal refuge complies with this Chapter, the standards incorporated herein and any conditions imposed on any permit or license. In consideration of the issuance of a dog kennel, cattery or animal refuge license, each owner and operator shall allow the senior animal control officer to enter and inspect the premises. Such right of entry is a condition of the license application. Inspections by the senior animal control officer shall be made during reasonable hours, when the owner or operator has been given an opportunity to be present, and with such frequency, not less than annually, as the senior animal control officer may deem appropriate. Inspections may, for good cause and at the discretion of the senior animal control officer, be made without prior notice to the owner or operator. Willful refusal by the owner or operator to allow an inspection by the senior animal control officer constitutes grounds for summary denial of an application for a dog kennel, cattery or animal refuge license and for summary suspension or revocation of an existing license.

F. Nonprofit corporations formed pursuant to the provisions of the California Corporations Code for the prevention of cruelty to animals, which have furnished proof of such incorporation to the senior animal control officer, shall not be required to pay a fee for the licenses required by this Section. All other provisions of this Section shall be applicable to any such nonprofit corporation including requirements for minor development plan review permits, where applicable, the fees for which are not waived by this Subsection (F). Each corporation claiming to be exempt from fees pursuant to this Subsection shall, before issuance of any license, agree in writing to indemnify and hold the City and its officers, employees and agents harmless from all liability arising out of the exercise of the license.

G. The operation of a kennel, cattery or animal refuse shall also require a minor development plan review permit.

contiguous neighbors all have a minimum of one-half (1/2) acre of land, and the applicant's property is in a condition that supports the approval of the permit. A copy of the application shall also be sent to the senior animal control officer at least ten (10) days prior to the Director's decision.

C. Upon receipt of an application for a permit, the senior animal control officer shall inspect the proposed premises for which the permit is requested. No permit shall be issued or renewed unless the premises conform to the requirements of this Chapter and all other applicable laws and regulations. The written hearing request must be filed with the Department of Planning and Community Development. If so requested, the hearing shall be scheduled for the next available public hearing of the City Council. Noticing for said hearing shall be made to the same list of people as described in Subsection (A). Unless otherwise requested, the decision of the Director shall be final.

E. Notwithstanding any other provision of this Chapter, the senior animal control officer or any peace officer of the City is authorized to enter upon and inspect any such permitted premises in the City to determine whether such premises complies with this Chapter, the standards incorporated herein and the conditions of approval on the permit. In consideration of the issuance of a permit, each owner and operator shall allow the senior animal control officer to enter and inspect the premises. Such right of entry is a condition of the permit application. Inspections by the senior animal control officer shall be made during reasonable hours when the

owner has been given an opportunity to be present, and with such frequency, not less than annually, as the senior animal control officer may deem appropriate. Inspections may, for good cause and at the discretion of the senior animal control officer, be made without prior notice to the owner. Willful refusal by the owner to allow an inspection by the senior animal control officer constitutes grounds for summary denial of an application for a permit and for summary suspension or revocation of an existing permit.

F. The holder of a minor development plan review permit shall keep available for inspection his or her permit and a record of all animals by name, breed, sex, color and age. In addition, he or she shall post in a visible place the name, address and telephone number of a family member with a different address, and a veterinarian or other party who can be contacted in case of an emergency to assume the care of the animals on the premises.

B. The senior animal control officer shall prepare a written notice of such denial, suspension or revocation, which notice shall contain a concise statement of the reason(s) for such denial, suspension or revocation. The notice of appeal shall be accompanied by payment in full of such appeal fee as established by resolution of the City Council. Within fifteen (15) days of the receipt of the notice of appeal, the Clerk shall set a date for hearing the appeal and shall give written notice of the date, time and place of such hearing to the appellant, to the senior animal control officer and to the Planning Commission. Such notice shall be sent to the appellant by first class mail, postage prepaid. The commencement date of the hearing shall be not less than twenty-five (25) days, nor more than forty-five (45) days,

from the date of receipt by the Clerk of the notice of appeal; provided, however, that at the request of the appellant, the City Clerk may extend the commencement date one time for a reasonable period, not to exceed an additional thirty (30) days beyond the aforementioned forty-five (45) day limit. Written notice of such extension shall be given to the appellant, the senior animal control officer and the Planning Commission. The appeal shall be heard by the Planning Commission which may affirm, modify or reverse the denial, suspension or revocation. In conducting the hearing, the Planning Commission shall not be limited by the technical rules of evidence which are applicable in courts of law. This provision shall not be construed to limit in any manner the carrying out of official duty by any peace officer, humane officer or other law enforcement officer.

B. Any animal which is abandoned, starved or treated in a cruel or inhumane manner, or which is willfully or negligently allowed to suffer torture or unnecessary pain, may be impounded and treated or disposed of in a humane manner, or as prescribed in Penal Code Section 597f.

C. Except as otherwise provided in the impounded animals Section of this Chapter, or under exigent circumstances, at least (5) five working days prior to the impoundment, adoption, disposal or destruction of any animal under this Section, written notice shall be given by personal delivery, first class mail, postage prepaid, to the last known address of the owner, of such person's right to a hearing as to whether or not such impoundment, adoption, disposal or destruction shall be ordered, except where such delay will be unreasonable in the opinion of the senior animal control officer, in which case the animal may be impounded immediately. In the event the owner of such animal requests a hearing prior to such action being taken, no impoundment, adoption, disposal or destruction shall take place until the conclusion of such hearing, which hearing shall be conducted by the senior animal control officer, except as otherwise provided in the impounded animals Section of this Chapter. Requests for hearing shall be filed in writing with the senior animal control officer.

D. If, in the opinion of the senior animal control officer, immediate impoundment is necessary for public health or safety or the health or safety of the animal, the pre-impoundment hearing shall be deemed waived; provided, however, that in such case the owner of the animal shall be given at least five (5) working days' notice as provided in this Subsection of her or his right to a post-impoundment hearing. Requests for hearing shall be filed in writing with the senior animal control officer. In the event a post-impoundment hearing is requested, it shall be conducted by the senior animal control officer, or by a person authorized by the senior animal control officer to conduct the hearing. The pre-impoundment or post-impoundment hearing shall commence within ten (10) days after the date the written request has been received by the City, and the animal which is the subject of such hearing shall not be destroyed or disposed of prior to the conclusion of such hearing. Notice of the time, date and place of such hearing shall be given to the owner or person entitled to possession of the animal which is the subject of such hearing and to the senior animal control officer.

E. Within ten (10) days after the conclusion of the hearing, whether pre-impoundment or post-impoundment, the person conducting the hearing shall render, in writing, his or her findings, decision and order to the owner of the subject animal and to the senior animal control officer. Service of such notice shall be made upon the owner by personal delivery or by first class mail, postage prepaid. 8.08.380 Dogs on public property.

No owner or person in charge or in control of any dog, except a blind person with a guide dog, shall permit or allow such dog to be within or upon public school property, park property or municipal golf course property, without the dog being on a leash.

8.08.390 Public protection from dogs.

Owners and custodians of dogs shall, at all times, take all reasonable precautions to prevent their dogs from biting, attacking or attempting to bite any person or from interfering with the use of public or private property. No person shall own or have custody or control of a dog that commits a violation of this Chapter as a result of that person's failure to exercise ordinary care. It is unlawful for any person to fail to comply with this Section; however, nothing in this Section shall authorize the bringing of a criminal action pursuant to a violation of this Section if the bite, attack, attempted bite, injury or threat was sustained by a person who, at the time, was committing a willful trespass upon the premises occupied by the owner or custodian of the dog, or was committing or attempting to commit a crime upon the premises occupied by the owner or custodian of the dog, or was teasing, tormenting, abusing or assaulting the dog or who has, in the past, teased, tormented, abused or assaulted the dog.

Whenever the senior animal control officer, or his or her authorized designee, receives a report of a dog with a disposition or propensity to attack or bite any person or animal without provocation, he or she may require a sign to be placed by the owner stating the following: "Beware of Dog". Each of the sign's letters shall have a minimum font size of 2 inches in width and 2 inches in height.

8.08.410 Prohibited conduct towards official police dogs and horses.

It is unlawful for any person to willfully injure, annoy, tease, torment, strike, startle, attempt to startle or throw any object at any official police dog or horse. The conduct prohibited hereby shall include, but is not limited to, the use of any part of the body, including the voice, or the use of any object, including liquids or a vehicle, with the intent to accomplish one or more of the above acts. It is also unlawful for any person:

B. Other than the police officer in lawful possession of such horse or dog to give commands or attempt to give commands to any official police dog or horse or to otherwise interfere with such horse or dog while such animal is on duty.

8.08.420 Public nuisance.

The possession or maintenance of any animal in violation of this Chapter is declared to be a public nuisance. When necessary for the preservation of the public health or safety, the senior animal control officer and any City peace officer are directed and empowered to summarily abate any such public nuisance independent of any criminal prosecution or the results thereof, by any means reasonably necessary to accomplish such abatement, including but not limited to, the destruction of the animal involved, or by the imposition of reasonable conditions and restrictions for the maintenance, health and sanitation of such animal. The owner of such animal may be required to reimburse the City for all costs incurred in enforcing compliance with the provisions of this Chapter. The City, by and through the City Attorney, may also commence and maintain such proceedings in a court of competent jurisdiction as are appropriate under the laws and regulations of the state of California for the abatement and redress of public nuisances.

8.08.440 Vicious animals.

The owner or person having possession, custody, charge or control of an animal that the owner or person having possession knew or should have known was vicious shall be guilty of a misdemeanor whenever the animal:

2. Is found not to be under the restraints ordered by the senior animal control officer.

8.08.450 Investigation of a potentially dangerous or vicious animal.

Whenever it is reported to the senior animal control officer that an animal has attacked either a person engaged in a lawful activity or another animal, or caused a person of reasonable sensitivities to believe that he or she or a domestic animal in his or her custody and under proper restraint is in imminent danger of great bodily harm, the senior animal control officer shall cause the incident to be investigated.

8.08.450 Declaration of potentially dangerous or vicious animal.

If, after reviewing the applicable facts, the senior animal control officer, or his or her authorized designee, determines that an animal engaged in an unprovoked attack on either a person conducting a lawful activity or another properly restrained animal or caused a person of reasonable sensitivities to believe that he or she or a domestic animal in his or her custody and under proper restraint was in imminent danger of great bodily harm, the animal shall be declared to be potentially dangerous or vicious and the owner shall be notified of that fact in writing.

8.08.460 Criteria for declaring an animal to be vicious.

The senior animal control officer, or his or her authorized designee, shall declare an animal to be vicious when that animal:

A. Has attacked or bitten a person causing death or substantial physical injury;

E. Has twice within a one-year period chased or approached a person upon the streets, sidewalks or any public or private property in an apparent attitude of attack.

8.08.470 Exceptions to declaring an animal to be vicious.

No animal may be determined vicious if:

A. Any such bite, threat, injury or damage was sustained by a person who, at the time, was committing a willful trespass upon the premises occupied by the owner or custodian of the animal, or was committing or attempting to commit a crime upon the premises occupied by the owner or custodian of the animal, or was teasing, tormenting, abusing or assaulting the animal or who has, in the past, teased, tormented, abused or assaulted the animal; or

B. Said animal is used in military or police work and any such bite, threat, injury or damage was sustained while the animal was actually performing in that capacity.

8.08.480 Conditions of harboring a potentially dangerous or vicious animal.

No person shall harbor an animal declared to be potentially dangerous or vicious under the provisions of this Chapter without first satisfying the conditions imposed upon the harboring of that vicious animal by the senior animal control officer, or his or her authorized designee, as a public nuisance by any means reasonably necessary to protect the health, safety and welfare of the public including, but not limited to, the destruction of the animal or by the imposition upon the owner or custodian of specific, reasonable restrictions and conditions for the maintenance of the animal. Such conditions may include, but are not limited to:

A. Keeping the animal confined to a house or an area enclosed by four (4) walls of such dimensions that the animal cannot escape except during periods when the animal is muzzled, on a leash of less than five (5) feet in length, and in the physical control of the responsible person;

B. Microchip and/or tattooing the animal with an identifying mark and registering the animal with the senior animal control officer, or his or her authorized designee;

C. Obtaining a bond or insurance in such amount as the senior animal control officer, or his or her authorized designee, determines is adequate to protect the public;

D. Notifying the senior animal control officer, or his or her authorized designee, in writing within twenty-four (24) hours if the animal escapes, dies, injures a person or animal, or if the owner and animal move to a new location;

E. Payment of a reasonable fee to recover the costs of animal services in verifying compliance and enforcing the provisions of this Section;

F. Neutering the animal;

G. Allowing inspection of the animal and its enclosure by animal services or any other law enforcement agency without a warrant and, producing upon demand, proof of compliance with such requirements of this Section as may be applicable;

H. Requiring permission by the landlord or property owner to keep the animal on certain specified premises in the event that the owner or custodian of the animal is a tenant or occupant on real property where the animal is being kept; and

I. Notifying any new owner in writing regarding the details of the animal's record and the terms and conditions for confinement and control of the animal. The transferring owner shall also provide animal services with a copy of the notification to the new owner containing an acknowledgment by the new owner of his or her receipt of the original notification and acceptance of the terms and conditions. Animal services may impose different or additional restrictions or conditions upon the new owner or custodian.

A potentially dangerous or vicious animal shall be seized and impounded in an appropriate animal control facility until the owner complies with the conditions imposed on harboring a vicious animal, or the impound period expires as provided in this Chapter.

An animal that has been declared to be potentially dangerous or vicious in any legal hearing, because of aggressive behavior at any location outside the confines of the City, is restricted from relocating in the City.

Any person who violates any provision of this Section is guilty of a misdemeanor.

8.08.490 Impounding potentially dangerous or vicious animals.

When an unattended animal is suspected of being potentially dangerous or vicious or an animal has been declared to be potentially dangerous or vicious and the owner has not complied with the conditions of harboring the potentially dangerous or vicious animal imposed upon the owner by the senior animal control officer, or his or her authorized designee, an animal services officer may seize and impound the animal. As soon as is practicable, the animal's owner shall be informed that the animal has been impounded. The notice shall inform the owner of the animal of the incident that provides a basis for the proposed action, and shall specify that the municipal court shall be petitioned to schedule a hearing within no less than five (5) working days nor more than ten (10) working days after service of the notice to determine whether grounds exist for such declaration, the potential consequences if such a declaration is issued, and animal services' authority for such action including immediate impoundment of the animal to ensure public safety prior to the court date, and the owner or custodian's financial responsibility for cost reimbursement to animal services pursuant to this Chapter.

If the animal poses an immediate physical threat to persons or other animals during the seizure or impoundment period, the animal may be immobilized by drug, or if such a method is not readily available, the animal may be killed. Any impounded vicious animal shall be kept for a period of not more than thirty (30) calendar days. The senior animal control officer may extend this period if he or she determines that it is likely that the owner will comply with

the conditions imposed upon harboring the vicious animal within five (5) working days of the end of the impoundment period. If the owner has not complied with the conditions at the time the impoundment period, or any extension thereof, has expired, the animal shall be euthanized.

8.08.500 Administrative hearing to contest viciousness.

The owner of an animal that has either been impounded on suspicion of being potentially dangerous or vicious or has been declared to be vicious under this Chapter, may request a hearing to contest the determination or the conditions imposed upon harboring the animal by submitting a written request with the applicable administrative hearing fee to the senior animal control officer. At the hearing, which shall be conducted by the Public Safety Commission, the owner may introduce evidence to show that the animal is not potentially dangerous or vicious and/or that the imposed conditions are inappropriate. The hearing date shall be set within thirty (30) days of receiving the written request and shall notify the owner by certified mail of the date, time and place of the hearing. Failure of the owner or custodian to attend the hearing or be represented at the hearing shall constitute a waiver of the owner or custodian's right to a hearing. After weighing all of the evidence, the Public Safety Commission shall render a decision, which decision shall be final.

Costs for enforcement of this Section shall be recoverable from the animal's owner or custodian.

8.08.510 Surrender of animal upon demand.

Any animal control officer may impound any potentially dangerous or vicious animal if the animal control officer has cause to believe that any of the restrictions imposed pursuant to Section 8.08.480 are not being complied with. The owner of said animal shall surrender such animal to animal services upon demand. The owner of any animal surrendered pursuant to this Section shall have five (5) working days to redeem such animal, if the animal is not being held for a hearing proceeding. Any animal not redeemed as provided above shall be humanely destroyed as provided in this Chapter.

8.08.520 Hearing procedures and charges.

Charges for hearing procedures and costs of confinement at a shelter associated with enforcement under this Chapter shall be recoverable from the animal's owner.

8.08.530 Enforcement.

A. Except as specifically provided otherwise in this Chapter, the senior animal control officer shall supervise the administration and enforcement of this Chapter and of all other applicable state and local laws and regulations.

B. The City Council may enter into a written agreement with any veterinarian, any organized humane society or association or City or county agency which will

undertake to carry out the provisions of this Chapter and maintain and operate an animal shelter, and which will license, take up, care for, impound and dispose of animals. Any such veterinarian, society or association may carry out all or any of the provisions of this Chapter in the manner prescribed in this Chapter.

C. It is unlawful for any person to interfere with, oppose or resist any officer or person empowered to enforce the provisions of this Chapter while such officer or person is engaged in the performance of his or her duties as provided in this Chapter.

D. Nothing in this Chapter shall be construed as limiting the authority or duties of an animal control officer, peace officer, or humane officer granted or imposed by any other applicable law or regulation.

E. All of the City's animal control officers are authorized to carry tranquilizer equipment, issued by the City, while acting in the course and scope of their employment.

8.08.540 Violation.

A. Infraction. Unless specified otherwise, any person who violates any provision of this Chapter is guilty of an infraction, except as set forth in Subsection (B) of this Section.

Unless specified otherwise, any person who violates any provision of Sections 8.08.150, 8.08.160, 8.08.170, 8.08.330, 8.08.340(A), 8.08.350, 8.08.360, 8.08.410, 8.08.420, 8.08.440, and 8.08.480, or who fails to surrender their animal pursuant to Section 8.08.150, is guilty of a misdemeanor. Moreover, any person who violates this Chapter three times within one year is guilty of a misdemeanor.

C. Separate Offense. Each day on which a violation occurs or continues shall constitute a separate offense.

8.08.550 Complaints.

Upon receiving a complaint from any person alleging a violation of this Chapter and upon receiving the name and address of the owner and/or custodian of the animal, if known, an investigation to determine whether a violation exists may be made. If the investigation discloses a violation of the provisions of this Chapter, prosecution may be initiated against the owner and/or custodian.

8.08.560 Duties and powers of officers.

In consonance with the carrying out of the principal duties assigned to them, it shall be the duty of all peace officers and animal control officers within the City, to cooperate

with and assist the senior animal control officer in the enforcement of the provisions of this Chapter.

A. Peace officers and the animal control officer shall be empowered and shall have the duty to:

1. Receive, take up and impound:

- a. All animals which are creating a public nuisance, or which are found running at large in violation of this Chapter or of any other applicable law or regulation;
- b. All potentially dangerous animals or vicious animals;
- c. All animals which, without provocation or direction, may be threatening the safety of any person or other animal, whether or not the threatening animal is a potentially dangerous animal or vicious animal.

2. In accordance with standards established therefore by state or local law or regulation, regularly and adequately feed, water and otherwise care for all animals impounded under the provisions of this Chapter, or otherwise provide for such feeding, watering and care.

3. Investigate the condition and behavior of any animal alleged or believed to be potentially dangerous, vicious, abused or abandoned and take such action under this Chapter as may be appropriate.

4. Follow the provisions of this Chapter, California Penal Code Section 597f and other governing provision of law, as applicable, in humanely destroying or giving emergency care to sick or injured dogs and cats.

B. The animal control officers, and/or the appropriate law enforcement agency, per request of the City's Public Works Department, shall enforce the provisions of this Chapter.

8.08.570 Grandfathering.

Any resident of the City who legally owns more animals than are authorized by this Chapter or a type of animal not authorized by this Chapter on his or her property on the date of adoption of this Chapter, shall nevertheless have the ownership of such animal(s) "grandfathered" on that property, such that the ownership of said animal(s) shall be considered a legal non-conforming use, where the owner can demonstrate that such animals were owned and maintained on a specific property prior to the adoption of this Chapter and that such ownership was legal at that time. Once a grandfathered animal dies, the deceased animal may be replaced with the same type of animal, to retain the grandfathered status, provided said animal is replaced

within 90 days. However, once an animal is removed from the property for a period longer than 90 days, the grandfathered right to such animal or same type of animal is extinguished.

8.08.580 Issuance of citations by city officials.

A. The City Council shall designate by resolution the City officials who shall have the authority to issue citations within the City for violations of this Chapter.

B. Each City official so designated is authorized by the City Council, pursuant to Penal Code Sections 19.7, 832 and 836.5, and subject to the provisions thereof, to arrest a person without a warrant whenever the City official has reasonable cause to believe that the person to be arrested has either violated a provision of this Chapter in his or her presence or fails to correct a violation and therefore has committed an infraction which the City official has the discretionary duty to enforce.

C. Each City official so designated is further authorized to issue a notice to appear in court, pursuant to Penal Code Sections 853.5 and 8563.6. Under no circumstance may the City official take the person to be arrested into custody. In the event that the person to be arrested demands to be taken before the magistrate or refuses to provide his or her written promise to appear in court, the City official must either summon a law enforcement officer to arrest the person and take the person into custody, or seek the assistance of the city attorney and request that an infraction complaint be prepared and filed against the person.

D. In addition to the mandatory course of training prescribed by the commission of peace office standards pursuant to Penal Code Section 832, the senior animal control officer shall establish and cause to be administered a special enforcement training program designed to instruct the City officials so designated regarding the provisions of this Chapter which are to be enforced, the evidentiary prerequisites to proper prosecution for violations thereof, the appropriate procedures for making arrest and citation authority and the limitations attendant thereto. Each City official so authorized shall be appropriately authorized to file executed citations within the animal control department and shall one copy of each executed citation to the chief of police and one copy to the court."

Section 3. If any Section, Subsection, sentence, clause, phrase, or portion of this Ordinance is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council of the City of Perris hereby declares that it would have adopted this Ordinance and each Section, Subsection, sentence, clause, phrase, or portion thereof, irrespective of the fact that any one or more Sections, Subsections, sentences, clauses, phrases, or portions thereof may be declared invalid or unconstitutional.

Section 4. Effective Date. This Ordinance shall be in full force and effect thirty (30) days after its passage.

Section 5. Publication. The City Clerk shall certify to the passage and adoption of this Ordinance by the City Council of the City of Perris and shall cause a summary of this ordinance to be published in accordance with Government Code Section 36933.
