### Service Information

Water Deposit: The water deposit will be held until said account is closed, and will then be applied to the Final Bill.

Water Service: Each meter is read monthly on the 15<sup>th</sup> of each month. The usage portion of the bill covers approximately one month of service. The fee charged for water service includes two parts: a flat fee depending on the size of the meter and a usage charge per unit of water. One unit equals a hundred cubic feet of water.

Sewer Service: A monthly charge (prorated daily) is assessed for collecting, transporting, treating and disposing of sewage. The City of Perris provides the sewer service for the Downtown residents. Eastern Municipal Water District provides sewer service for the North Perris (Villages of Avalon and Amelia Square) residents.

Trash Service: City Municipal Code 7.16 requires each residence and commercial establishment to use a trash container. The City of Perris has contracted with CR & R to provide the service. Residences may utilize either a 60 gallon or 100 gallon container. Larger bins are available for commercial properties. Each residence and establishment is charged a monthly charge (prorated daily) and a flat fee based on the size of the container used.
