FOR IMMEDIATE RELEASE

City of Perris to Resume Street Sweeping Service

PERRIS, Calif. (June 10, 2020) — The City of Perris will resume code enforcement of its normal street sweeping schedule provided by CR&R incorporated environmental services on July 6, 2020 with service running from 8 a.m. – 3 p.m..

The City suspended the enforcement of street sweeping on March 17, 2020 due to concerns over the novel coronavirus, COVID-19. However, street sweeping services have since remained and as enforcement resumes, residents are encouraged to adhere to their specific times and dates by reviewing the [Perris Street Sweeping Schedule](#).

CR&R incorporated environmental services offers a comprehensive street sweeping program assisting our City in complying with the requirements of the National Pollutant Discharge Elimination System (NPDES).

During the COVID-19 Pandemic, CR&R has and will continue to maintain normal waste and recycling collection schedules in all service areas, with no service interruptions at this time. CR&R is taking the necessary steps to protect their employees while at the same time providing a necessary public health service by continuing waste collection.
